Keith

time I have known
it: you are very sweet and good
looking too! stay the way you are and
do you will always be remembered. I
do anything I wouldn't do, which ain't much
Love
Mama

SUNRISE and SUNSET

Rays of the sun, slowly emerge
At this new days birth,
Like great angelic wings
Spreading across the earth.

The sunrise is a wonder
As its beauty is shown,
It seems happy; like a smile
Of a friend well-known.

Amidst the clouds and fog
The mist and the rain,
Remnants of the shining sun
All day will remain.

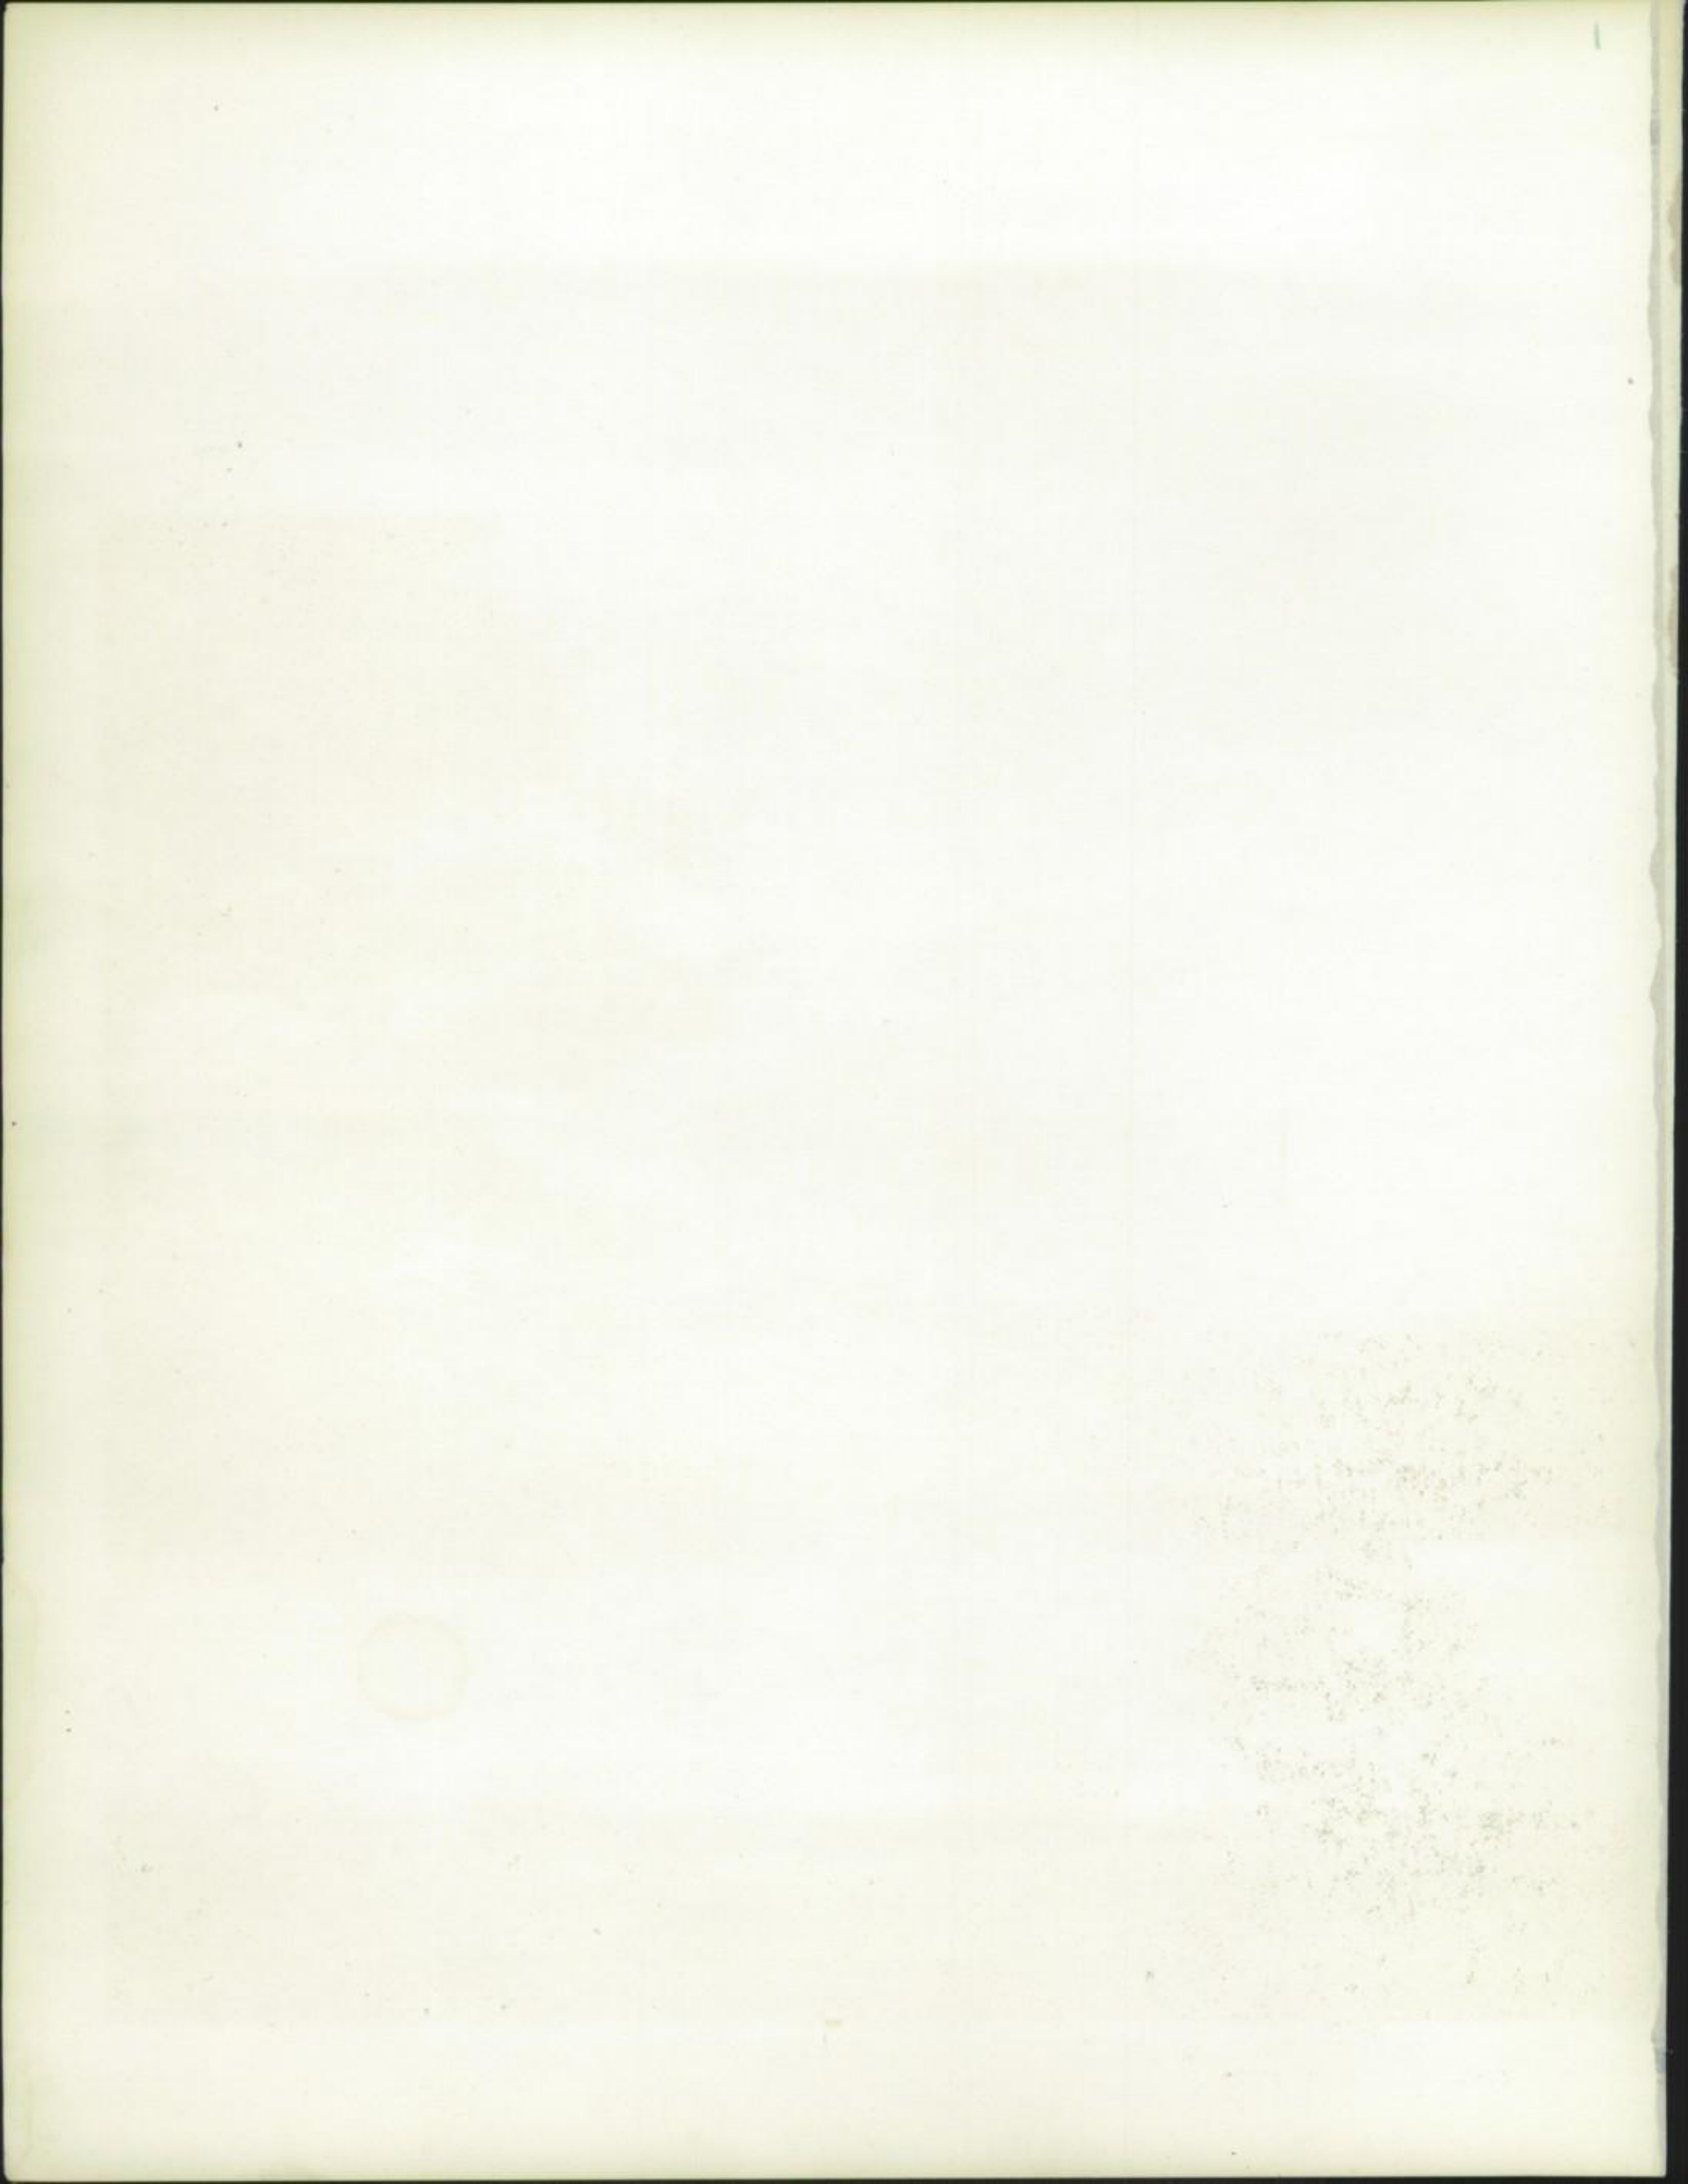

Fading slowly over the hill
Leaving colors of blue and red,
The last shimmers of daylight
Lie peacefully overhead.

We know that tomorrow
The sun will rise and set,
Leaving memories of life, love, and beauty
That we will never forget.

Beginnings...

As the new decade begins, we take time to reminisce the past. Anticipation and dreams of the future, however, foreshadow these musings.

For seniors, high school careers come to an end. Habits and certain ways of life change forever. Underclassmen close doors in another step closer to the ultimate goal: graduation. Each ending brings us face to face with a new beginning.

As we begin the 1980's let us stop for a moment and take inventory of our dreams and goals. Let us examine the basic concepts of our existence; who are we and where are we going?

We are, in essence, a family. Each member depends on the other for support and caring. Together we laugh, cry, and grow. We revel in our triumphs and share in our sorrows.

It is impossible to choose a single member of the "family" to whom to dedicate this book. Instead we chose to honor an ideal and a vision. Simply and optimistically, we dedicate the 1980 Tiger Tales to . . . tomorrow.

You've Got a Friend

Above: Billy Evans, Mike Gainor, Ronnie Harper, Steve Peyton, and Kelly Ballman seem to be having an interesting conversation, while Phillip Elder turns away not so interested. **Top Right:** Little Kari Beth LaGrange finds a new friend in the midst of half-time turmoil. **Right:** Tim Campbell, Larry Payne, Ronnie Harper, Terry Tate, Roan Mattson, and Jennifer Armes wait patiently for the music to start after the bonfire. **Bottom Left:** Vincent Luney and Tory Banks seem to have something to smile about.

Friends . . . they are a vital part of a person's life. A great deal of the time spent in high school is devoted to developing and maintaining these friendships.

Some friendships begin and end during the high school years. Others continue through college and, perhaps, a lifetime. The important thing is to remember past friends, value present ones, and always be willing to develop future relationships.

The beginning of the eighties will bring many changes, and friendships will not be exempt from these changes. Attitudes, lifestyles, and every aspect of our being will be modified in one way or another.

During these crucial times, reliance on friends will help us keep our feet on the ground. At the same time, however, friends will encourage growth and development to become the best person we can possibly be.

Far Left: Sherry Smith and Bob Monarch seem distracted by something at the bonfire-pep rally. **Above:** Tammy Brumfield lets Tim Bruington in on a bit of info at break in main hall. **Left:** Leigh Ann Rhodes and Sandy Critchelow "boogie down" while Ruthie Clark and others try to get in step.

GOODTIMES

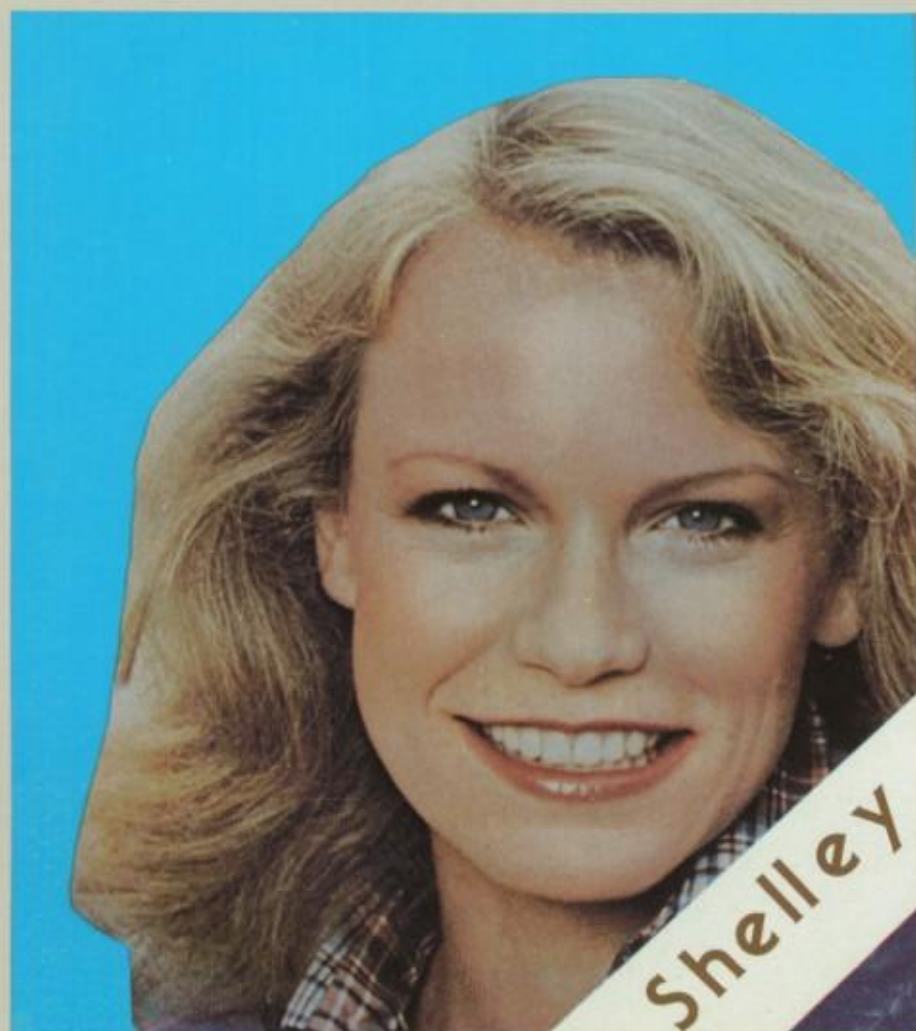

Some things remain the same no matter what the era. Ways of spending spare time are as varied as each individual, but the end result is the same. Enjoyment and pleasure are always foremost in everyone's mind.

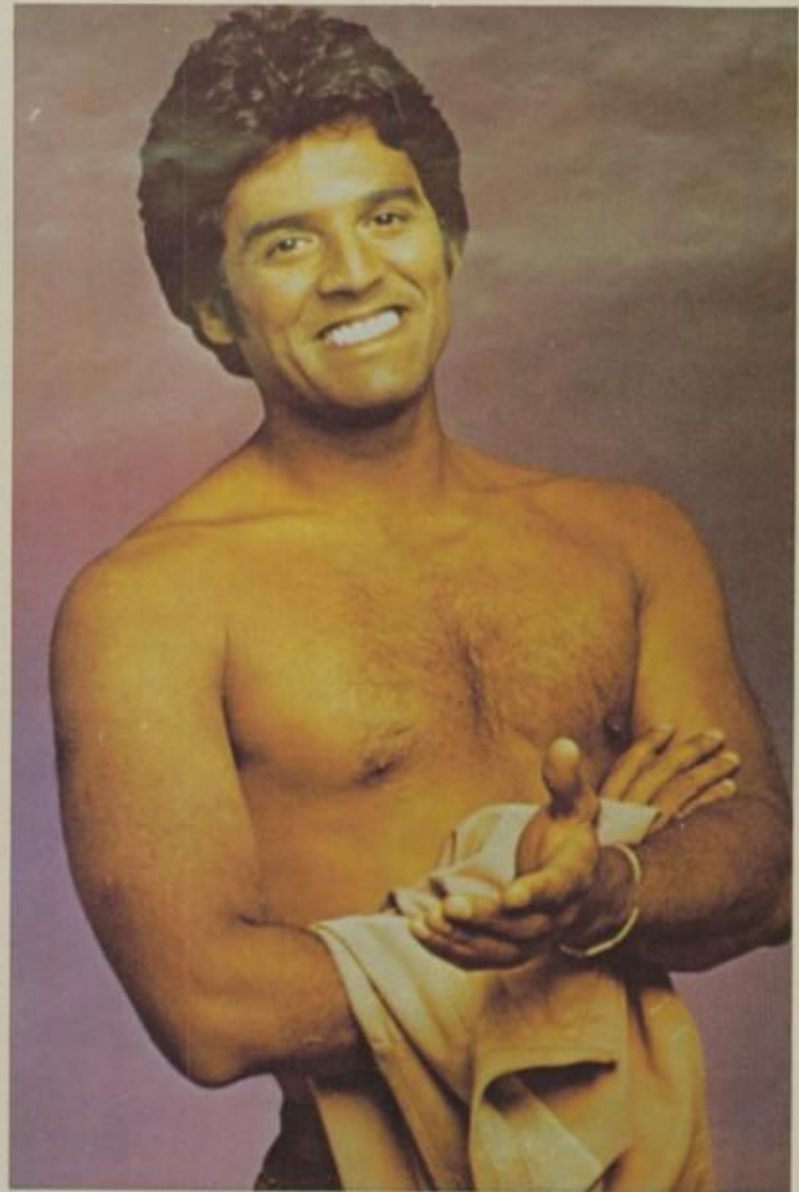

Music and music-related activities bear an attraction to almost every high school student. Concerts offer fans an opportunity to enjoy the recording sounds of their favorite personalities, while albums, the next best thing to that "live" sound, are still a popular commodity in the field of entertainment. Among the favorites of these new releases were Styx's **Cornerstone** and **Minute by Minute** by the Doobie Brothers. Both of these groups included Louisville in their summer tours and were a popular concert choice for many B.C.H.S. fans.

For those students whose budgets couldn't accommodate the expense of a concert, a more inexpensive means of amusement was found in the form of movies and television. Rocky II starring Sylvester Stallone and The Main Event with Barbra Streisand and Ryan O'Neil were among the pick of high schoolers while Saturday Night Live and Mork and Mindy, once again, took top honors.

Top right: Rain didn't dampen the spirit for the Homecoming bonfire. Gerald Tivitt joins in the activities by helping light the bonfire. **Above:** Harold "Geech" Perks dances the night away to "Born to be Alive." **Left:** Shelley gets her wings as she goes from Charlie's girl to become Charlie's Angel.

Top left: Disco, Pop, and Hard Rock made a big splash in the music industry. The Doobie Brothers, Donna Summer, and Kansas were some of the more popular groups in the Top 40. **Top right:** An unknown Erik Estrada soon became a very well-known heart-throb when he took the part of Ponch in the hit television series CHIPS. **Above:** In a cheer led by Cindy Miller, juniors proclaim they are "Still the One in 81." **Right:** Dale Keys and Thereasa Elliott have musical tastes that differ, but they do agree on one thing — each other.

FESTIVE FASHIONS

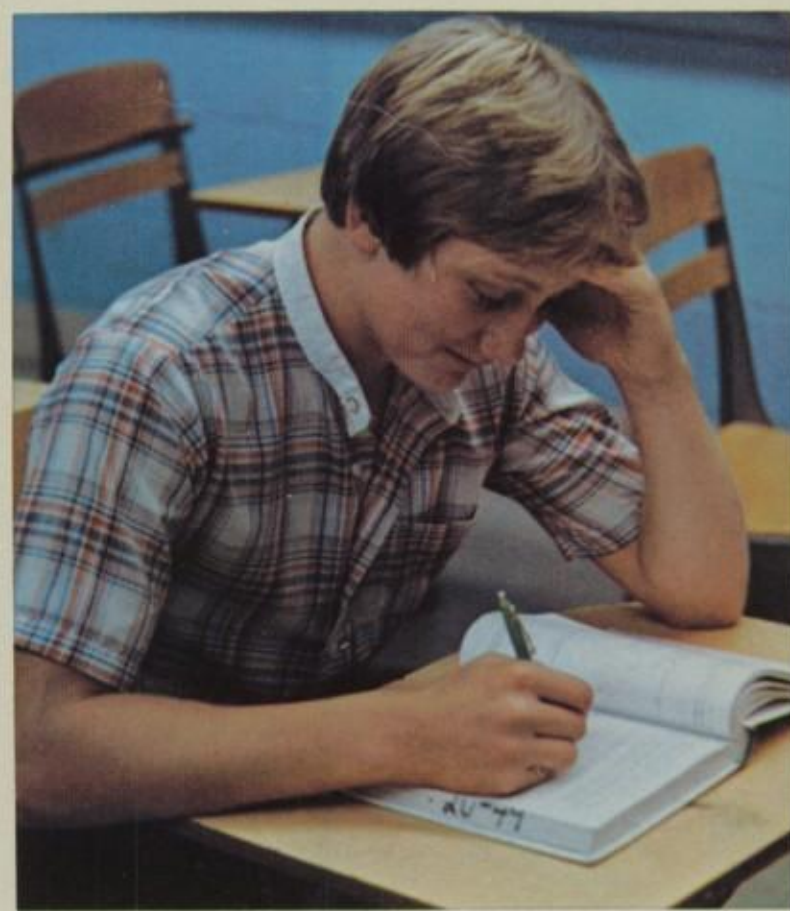

More than ever before, the halls were filled with fashion. Dressing up became the routine rather than the exception. Students stepped out of the pages of Glamour and Gentlemen's Quarterly to "strutt their stuff" with style.

Gals fashions were as varied as individual personalities. Blue jeans, still the basis of most teen wardrobes, developed straighter legs. It was not unusual at all to see high-heeled Candie's or clogs peeping out from under these jean cuffs.

The same Candie's that accessorized those jeans also accented dresses and skirts. Skirts and dresses became slimmer. The up-to-date wardrobe was not without a "slit" skirt or dress.

The male population was not fashion blind. The collarless shirt was evident on many a guy. Velour was by far the favorite fabric. Again, guys and gals both fell in love with the soft texture and super style of this fabric.

The clothing trends allowed everyone to be stylish, yet individual. Whether conservative or eccentric, each student "did his or her thing" with flair and finesse.

Left page, top: The "slide" type shoes were "the thing" in female footwear. Sophomore Jill Kennedy shows her sense of fashion in Candie's and straight leg pants. **Far left:** Candie's and clutch purses accessorize the dressy look. Donna Smith and Paula Dempster, sophomores, stroll in style in their fashionable attire. **Center:** Junior Cindy Douglas combines style and smarts to open her school-assigned lock. **Right:** Geometry has sophomore Junie Payne in such deep concentration that he doesn't realize he is using an ink pen or having his photo snapped. **Right page, above:** Julie Conkwright, junior, tries to explain some of the finer concepts of yearbook to sophomore Billy Evans. **Above right:** Senior Jennie McGee combines the farmer and the fashion look with overalls and double-pierced ears. **Below right:** The shortcut between first and third halls is quicker, but as a stylish freshman, Beth Duke, discovers, it can be chilly on a windy day.

Mr. and Miss BCHS

Finding a spare moment can often be difficult for Miss BCHS, Sally O'Reilly. She has been involved in many school-related and outside activities.

Sally has received a multitude of honors during her four years. She was voted Miss Freshman, Miss Sophomore, and was awarded the title of Best Personality in the Hall of Fame. Sally has been a homecoming finalist each year. Her junior year she was first runner-up in the football homecoming ceremonies.

Swimming, traveling, and shopping occupy Sally O's free time. In the future she plans a career in fashion merchandising or dental hygiene.

Pep Club, Letterman's Club, and varsity basketball are just a few of the activities that Barry Mattingly, Mr. BCBS, participates in.

Barry, the 17 year old son of Lamar and Dorothy Mattingly, has been on the basketball team for three years. During this time he has received several honors. Two of these include serving as team captain his senior year and being named to the All-District basketball team as a junior.

Barry enjoys swimming, skiing, and playing various types of sports. He is planning to attend college after his graduation.

Mr. and Miss Senior

Robin Nix, daughter of Mr. and Mrs. Wendell Nix, enjoys many aspects of school. Her favorite subjects are Accounting, Literature, and Home Economics.

Besides the usual routine of school work, she has participated in FHA, FBLA, Pep Club, and Chorus.

Outside of school Robin says she likes watching the "Dukes of Hazzard" and listening to Bob Seger.

Robin plans to become a beautician in the future.

With the hope of being a mechanic, Donnie Lucas seems to have his future well planned. In fact, he says that Auto Mechanics is his favorite class.

Donnie has been involved in various phases of school life. He has been a member of the FFA, VICA, and Pep Club. He played basketball two years and was a member of the chorus.

During time away from school, Donnie likes listening to Bob Seger and watching the "Dukes of Hazzard." He is the son of Mr. and Mrs. Lester Lucas.

Class Clowns

Comedy and laughter are two characteristics that Cathy Johnson and Jerry Payton have in common. This ability to make others laugh has brought them the honor of being named class clowns.

Cathy is the daughter of Mr. and Mrs. Lloyd Johnson. Listening to Bob Seger, roller skating, and swimming are among her favorite pastimes. After graduation Cathy plans to take a job.

Jerry Payton has been an active 4-H member during his high school years and has been chosen as an outstanding 4-H member. Fishing, swimming, baseball, and participation in the Youth for Christ Club are among his numerous interests. Jerry plans to attend Eastern Kentucky University where he will major in biological science.

Both Rosey Gregory and Vince Luney have won recognition for their athletic ability.

Rosey, a four-year veteran of the girls' basketball team, was Best Offensive Player her junior year and a member of the all-tournament team at the girls' district tournament.

Her tastes in hobbies cater to sports, playing the guitar, and cultivating her hidden passion for poetry.

The daughter of Mr. and Mrs. Norman Gregory, she plans to attend college and major in architecture.

Vince is a four-year varsity football letterman. He is a member of the Rough River All-Conference Football Team and receiver of the Joey Elder Mental Attitude Award.

He enjoys music and dancing and is a member of his church choir.

Vince plans to become a physical therapist. He is the son of Mr. and Mrs. Leroy Luney.

Most Athletic

Best Dressed

Among the fashionably dressed people, two have been chosen above the rest. Barbara Martin and Barry Brumfield well deserve their title as Best Dressed.

Barbara is a member of FHA, 4-H, and the Sunshine Homemakers Club of Irvington. She sings in the choir at the Clair Memorial Methodist Church. Her parents are Mr. and Mrs. Clifford Martin.

She hopes to attend the University of Louisville and major in music. In the distant future Barbara sees herself as a "Sister Sledge" and one of the top models in the world.

Barry, son of Mr. and Mrs. Banyon Brumfield, enjoys almost all sports. Horseback riding and hunting also fill his leisure time. He has been involved in FFA for four years and received the Greenhand and Chapter Farmer degrees. He was a member of the basketball team for two years and received a varsity letter in baseball.

Even though they have other interests, music plays a major part in the lives of both Tina Clements and Dale Keys.

In addition to being a 4-year band member, Tina Clements enjoys water skiing, reading, and making new friends.

Tina received the 110% band award and a superior rating at solo and ensembles. She is the daughter of Mr. and Mrs. Harold Clements.

When he is not riding around on his motorcycle, Dale Keys is likely to be listening to Neil Diamond or playing his guitar. His other pastimes include water sports and archery.

Dale has participated in high school band for three years and, in the future, plans a career in music. He is the son of Mr. and Mrs. Donald Joe Keys.

Most Talented

Outstanding academic achievements are the basic requirements for the honor of "Most Intelligent".

Wilma Norton, daughter of Mr. and Mrs. Keith Norton Jr. is among the top three percent. She is a member of the Society of Distinguished American High School Students and the BCHS Who's Who.

She acts as Treasurer of the National Honor Society, editor-in-chief on the yearbook staff, and secretary of the student council. After graduation Wilma plans to attend Western Kentucky University and major in Journalism or Public Relations.

Tommy Newton, son of Mr. and Mrs. Shelby Newton, is also a top three percenter. He is a member of National Honor Society and Who's Who Among American High School Students.

He was a member of the High-Q team and a sportswriter on the **Tiger Talk** staff. Tommy works for his father as a hod-carrier (if you don't know what that is just ask him!) He is a lector at St. Mary of the Woods Catholic Church and helps in other church activities.

Studying electrical engineering at Western Kentucky University composes Tommy's plans for the future.

Most Intelligent

Prettiest and Most Handsome

Even with a family to care for, Patty Lynch has found time to be active in school activities. She was a member of FHA, Math Club, FBLA, and Biology Club Treasurer.

The daughter of Jim and Tina Wooley and wife of Shawn Lynch, Patty enjoys crafts, swimming, and fishing. Her favorite pastime, however, is spending time with her daughter, Sheree.

Patty earned the Most Outstanding Accounting Award during her junior year. She was also a junior varsity cheerleader.

To further his education in vocational technology is one of Don Cox's main goals. During his time spent in machine shop, Donald constructed a large precision vice which was entered in a Junior Machinists Contest at Eastern Kentucky University.

Don has had scholastic, as well as vocational, achievements. He is a member of National Honor Society, and Who's Who Among American High School Students. He is VICA President and a member of the varsity baseball team.

In his leisure time, Don enjoys sports, farming, and horseback riding. Mr. and Mrs. Kenneth Cox are Don's parents.

Popularity and personality are two pluses for Sally O'Reilly and Doug Blair. Sally is the daughter of Mr. and Mrs. John O'Reilly and Doug is the son of Mr. and Mrs. J.M. Allen.

Popularity is not all Sally has going for her. She has also been actively involved in 4-H, FBLA, and has been president of the Math Club and SAE. She enjoys swimming, traveling, and skiing in her spare time.

To attend college and receive a degree in fashion merchandising or dental assistance are future plans for Sally.

Participating in many activities means being surrounded by a great number of people. To get along with people one must have a good personality and willingness to cooperate. Doug certainly has these qualifications.

Doug has been involved in FFA during the four years of his high school career. He has received the FFA Greenhand Degree, Chapter Farmer Degree, and been a State Farmer candidate.

Although FFA takes up a lot of his time, Doug also finds time to assist the Breckinridge County Handicapped Association in a tractor pull.

Best Personality

Most Ambitious

Seventeen year old Stacey Mattingly is truly an ambitious person. During her four years of high school she has participated in clubs and activities such as Pep Club, Math Club, varsity cheerleading squad and Letterman's Club. Stacey spends most of her spare time reading or water-skiing. She also manages to hold down a part-time job as a dental assistant for Dr. James Wheeler.

Her future plans are to attend Western Kentucky University and then go to the University of Louisville where she will pursue a degree in dentistry.

Bob Monarch, son of Mrs. Joann Gorrell, has acquired an outstanding list of credits and accomplishments. He is a member of the National Honor Society, Letterman's Club, Pep Club and golf team, and enjoys hunting and all types of sports. Bob's career plans reflect his ambition. He will attend the United States Air Force Academy in Denver, Colorado, where he will work toward becoming a career officer.

Both Stacey and Bob have contributed a great deal to the betterment of the school through their accomplishments. As a result of this dedication they were both named outstanding junior students of 1979 and are members of the Top 3%.

Most School Spirited

Pep Club membership is not a requirement for "Most School Spirit," but both members fit this description.

Jill Fentress, the daughter of Mr. and Mrs. Charles Fentress, has been a member of Pep Club for two consecutive years. She serves as skit director.

In addition to Pep Club, Jill is a member of FBLA. She enjoys watching basketball and football games, taking care of house plants, and collecting antiques.

Her plans after graduation include marriage and a secretarial job or training at Sullivan Business College.

Dennis Bennett, son of Mr. and Mrs. George Bennett, enjoys playing all kinds of sports including basketball, football, and softball.

A current member of VICA and a very active member of Pep Club, Dennis's plans for after graduation include marriage and a job, either with his father or in a factory.

Best Leadership

The best leadership category is well represented with agriculture students.

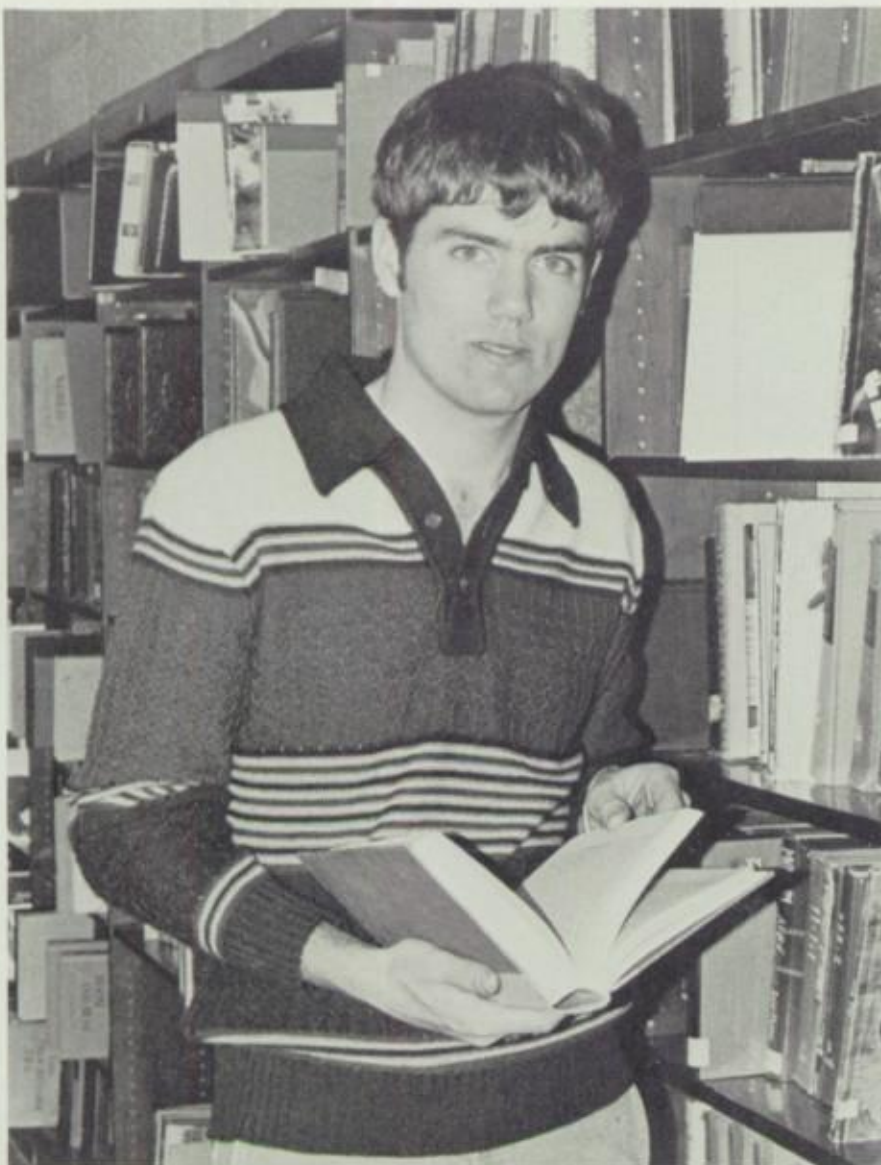

Ruthi Miller, daughter of Mr. and Mrs. Ralph Miller, well deserves the honor. FFA secretary, National Honor Society vice-president, and Pep Club president are just a few of her leadership positions.

At the summer FFA camp, Ruthi received an outstanding leadership award, and was the winner of the quiz contest. As the FFA candidate, she was elected 1979 football homecoming queen. She also is a member of Who's Who Among American High School Students.

A career as a soil conservation officer is Ruthi's future goal. She plans to attend Western Kentucky University and major in agronomy, the study of soil science.

J.L. Fackler is also a farmer. He is president of the local FFA chapter and vice-president of the Lincoln Trail regional chapter. He, too, received an outstanding leadership award at FFA camp; he was chairman of the camp council.

The son of Mr. and Mrs. Maurice Fackler, J.L. enjoys listening to music, riding horses, and just cruising around with friends.

WHO'S WHO

Keeping up with a hectic schedule is a daily routine of Wilma Norton. She has been in the National Honor Society, Society of Distinguished American High School Students, Who's Who Among American High School Students, High Q Team, and the cast of "Annie Get Your Gun." She is also Editor-in-chief of the **Tiger Tales** Staff and Secretary of the Student Council. During her high school career she has received academic letters and has been named as one of the members of the Top 3%. With accomplishments such as these, it's no wonder that Wilma was voted Most Intelligent in the Hall of Fame. She is the daughter of Mr. and Mrs. Keith Norton, Jr.

National Honor Society President Alice Mitcham is, as suggested by her title, quite an outstanding student. She is active in FFA and has served as chairman of the Scholarship and Leadership Committee. A member of the state champion FFA parliamentary procedure team, Alice is currently serving as club reporter.

A member of the Top 3%, Alice is in the Society of Distinguished American High School Students and Who's Who Among American High School Students.

Alice's community activities include playing the piano at the Irvington United Methodist Church and serving as secretary of the local and sub-district Methodist Youth Fellowship.

After graduation Alice will attend Western Kentucky University where she plans to major in elementary education.

Being involved in many activities is not unusual for Stacey Mattingly, daughter of Mr. and Mrs. Mack Mattingly. She has been a cheerleader for four years while also participating in the Pep Club, Math Club, and the newly organized Letterman's Club. She also has the honor of being a member of the Society of American High School Students, Who's Who Among American High School Students, and being voted as Most Ambitious in the Hall of Fame to add to her list of achievements.

Stacey works as a dental assistant for Dr. James Wheeler. In the future she plans to attend Western Kentucky University and then work toward a degree in dentistry at the University of Louisville.

For the third consecutive year the **Tiger Tales** staff has asked the faculty to elect students whom they consider outstanding in the areas of leadership, dependability, attitude, cooperation, school pride, talent, class standing, and extra-curricular participation. Our sincerest thanks goes to the faculty for their participation and to these students for their efforts and dedication.

It takes a great amount of initiative and dedication to achieve the goals that Bob Monarch has set for himself. He plans to attend the United States Air Force academy and later become a career officer in the Air Force. Bob has shown that he is certainly willing to work hard as he has been on the golf team three years, the basketball team one year, the Executive Council of the Letterman Club, and a member of the National Honor Society for two years. His activities are not strictly school-related either. He is a member of the United Methodist Church and works on a farm in his spare time. Because of his hard-working attitude, Bob was voted Most Ambitious in the Hall of Fame. He is the son of Mrs. Joann Gorrell.

Drama, student government, and yearbook staff have helped to fill Beth Brooks's extra-curricular schedule.

She appeared in the drama club productions of "You're a Good Man, Charlie Brown" and "Annie Get Your Gun." Beth is a member of the National Honor Society, Who's Who Among American High School Students, and Society of Distinguished American High School Students. She is president of the student council and senior co-editor of the yearbook. She was president of Biology Club during her junior year.

Beth is an active member of the Lincoln Trail Christian Church. She is the daughter of Mr. and Mrs. Don Brooks. Her plans include attending Western Kentucky University where she will major in accounting.

Attending Western Kentucky University and possibly majoring in Business Administration are Tammy Brumfield's future plans. If the future follows the pattern of her high school years, it will prove to be very hectic. She has been a member of the Biology Club, Spanish Club, and Drama Club. Tammy is also Senior co-editor of **Tiger Tales** and treasurer of the Student Council. She has received honors such as first place in Prose reading in the 1977 Spanish Festival, National Honor Society, Who's Who Among American High School Students and Society of Distinguished American High School Students.

In her spare time, Tammy likes to read and go shopping. She also works at Norfields Shoes on Saturdays. She is the daughter of Mr. and Mrs. Paul Brumfield.

Distinguished Musicians

Left: Quad-State Chorus members: Vincent Luney, Machel Compton, Tommy Phelps, and Susan Schneider. **Below left:** Quad-State Band members: Cindy Stilwell, Joel Petry, and Susan Albright.

The band and chorus members pictured above have been chosen to participate in the Quad-State Band and Quad-State Chorus concerts given by a selected group of students from several surrounding states. The band performance was a four-day event held on Murray State University's campus. The Chorus concert was held in Elizabethtown.

Congratulations to these outstanding musicians!

National Honor Society

Right — Nyda Bennett, Ruthi Miller, Don Cox, Bob Monarch, and Rayetta McGuffin, senior National Honor Society members, prepare refreshments for the National Honor Society reception. **Below** — The 1979-80 National Honor Society members: (Front Row) Ruthie Clark, Tammy Brumfield, Ruthi Miller, Vice-President; Wilma Norton, Treasurer; Sherry Smith, Secretary; Rayetta McGuffin, Reporter; Alice Mitcham, President; Nyda Bennett, and Ginger Robbins. (Second Row) Carol Hull, Tina Clements, Julie Conkwright, Karen Mattingly, Libby Newton, Stacey Mattingly, Jane Alexander, Beth Brooks, Bryan Chambliss, and Alma Ruth Butler, Advisor. (Back Row) Sandy Critchelow, Tina Combs, Dawn Parks, Ramona Willis, Robin Hicks, Paul Upchurch, Don Cox, Bob Monarch, Tommy Newton, David Hull, Tim Calisi, Vernon Timberlake, Perry Ryan, and Paulette Robinson (not available for photograph.)

To be inducted as a member of the National Honor Society is the highest academic honor a high school student can receive. Eligibility for membership stems from having at least a 3.0 grade average all through high school. The administration, faculty, and counselors choose the members based upon the qualities of leadership, character, scholarship, and service.

Activities of the National Honor Society include a weekly presentation of the radio program "This is BCHS", compilation of the Honor Roll at the end of each quarter, and a special induction program for new members.

Above — National Honor Society members Beth Brooks, Bob Monarch, Alice Mitcham, Ruthi Miller, Rayetta McGuffin, Wilma Norton, and advisor, Alma Ruth Butler, recite the National Honor Society pledge during the candlelight induction ceremony for new members. **Left** — Dawn Parks, NHS inductee, and Mrs. Judy Hicks, parent, indulge in the refreshments at the reception. Parents of inductees were invited to attend the ceremony.

Classes

The Pep Club, Biology Club, FBLA, and keeping statistics for the Boys' Varsity basketball team are how Shelia Penrod spends her time. She is the daughter of Mr. and Mrs. Jerry Penrod. After graduation she hopes to go to college and major in business or accounting. She enjoys listening to Donna Summer's "Bad Girls" and watching her favorite TV show, M*A*S*H.

Although Kevin Whitworth's favorite TV show is the same as Shelia's (M*A*S*H), his musical ear is a bit different. He likes to listen to the album, "Blondes Have More Fun," by Rod Stewart. Kevin's extracurricular activities include VICA and Pep Club. He is a vital key to the varsity boys basketball team. Kevin's future plans include trade school after high school and a job as a machinist.

The new Commercial Foods Class provides students with an overview of the food service industry.

In order to get an overview of the food area the "Tiger Table" was initiated. The mini-restaurant gave students an opportunity to experience on-the-job problems. Sanitation and safety, quantity food production, food and cost control, food merchandising, cashiering, hosting, and overall management were all encountered by the students.

At the "Tiger Table" students rotated work stations. "Back of the house" duties included using the microwave and sanitation equipment. Hostess, waitress, and cashier were "front of the house" duties.

The mini-restaurant was held for the other Home Economics classes for two days, serving hamburgers and french fries. Later, a restaurant was held for faculty, staff, and the public, serving a full course meal.

The first semester was spent in the classroom using Competency Based Vocational Education (CBVE) materials. The second semester, students were assigned to work stations in restaurants and cafeterias for on-the-job experience.

The fifteen trainees received no pay for their on-the-job work. The experience they gained in the knowledge, attitudes, and skills of food service were invaluable to their future careers in gainful nutritional employment.

In the future, while flipping through Vogue or Cosmopolitan, you may see Debbie Stinnett modeling the latest fashions.

The daughter of Mr. and Mrs. Alvin Stinnett, Jr., she has been attending modeling school for quite some time, and hopes to be a model someday.

Listening to Styx and Journey is one of Debbie's favorite pastimes. She also enjoys catching Burt Reynolds' movies, and watching CHiPs.

Debbie is involved in Pep Club, FFA, and SAE. Her favorite subjects are English and Biology.

Supporting the University of Kentucky Wildcats is one of Brian Miller's favorite pastimes. The son of Mr. Eli Miller and Ms. Becky Taul, he participates in JV and Varsity basketball, along with the Letterman Club. Algebra II and English are at the top of the list of his favorite subjects.

Watching Real People and listening to Styx takes up a big part of his spare time. He also enjoyed the motion picture, "10", starring Bo Derek.

After high school, Brian hopes to go on to college; his final future decision will wait until then.

Career decisions are usually difficult to make. It is often necessary to seek guidance to locate aptitude in a particular occupational area. The General Aptitude Test Battery (GATB) indicates weakness and strength toward job abilities.

The GATB was administered to all sophomore students during their science classes. The scores were then interpreted and compared with the scores of persons who have been employed in a particular occupation.

Besides giving students occupational advice, results of the tests are used in screening applicants for the vocational school. They are also used by state employment offices to help match employees with jobs.

Left — Trying her capability in the manual dexterity section of the GATB test, sophomore Alicia Young, is in deep concentration. **Above** — Returning the pegs to their original positions, David Mercer prepares for a second try.

Sports play a big role in the life of Stacy Neel. She is a Junior Varsity cheerleader and a member of the Pep Club. Besides going to ballgames, Stacy spends her time listening to KC and the Sunshine Band and watching her favorite show, "Eight is Enough." She is the daughter of Mr. and Mrs. Woody Neel. Stacy says her future plans are to attend college.

When not listening to his favorite group, Styx, Mike Whitworth can be found on the basketball court. He is the son of Mr. and Mrs. Narvin Whitworth. Mike's favorite subjects are Ag I and Algebra I. He is actively involved in FFA. Although his days are now filled with the playing of basketball, he says his future plans are undecided.

Faculty

Administrative Authority

A positive attitude and extreme dedication are required to make improvements. These qualities are definitely exemplified by principal and athletic director, Rob Cox.

Although Mr. Cox has brought many changes, he still feels that there are more improvements needed. Development and full utilization of Educational Television, completion of the student park, and total self-discipline of the student body are some areas he believes need improvement.

Mr. Cox feels that there are many good aspects such as appealing physical environment, good teachers, and proud, responsible, and self-disciplined students. Consequently, the bad aspects are noisy lunch periods and students who do not work toward the goal of excellence.

Mr. Cox is a graduate of Indiana University, where he received his B.S. and M.S. in Education. He later received his Rank I in Educational Administration from Western Kentucky University. He has been involved in education for nine years, the last two being spent here.

Though his spare time is limited, Mr. Cox enjoys bicycling, reading, and outings with his wife, Robin, and his son, Adam. Mr. Cox also lists working on the physical appearance of B.C.H.S. as one of his favorite pastimes. What better way could there be to define dedication?

Doctor of Direction

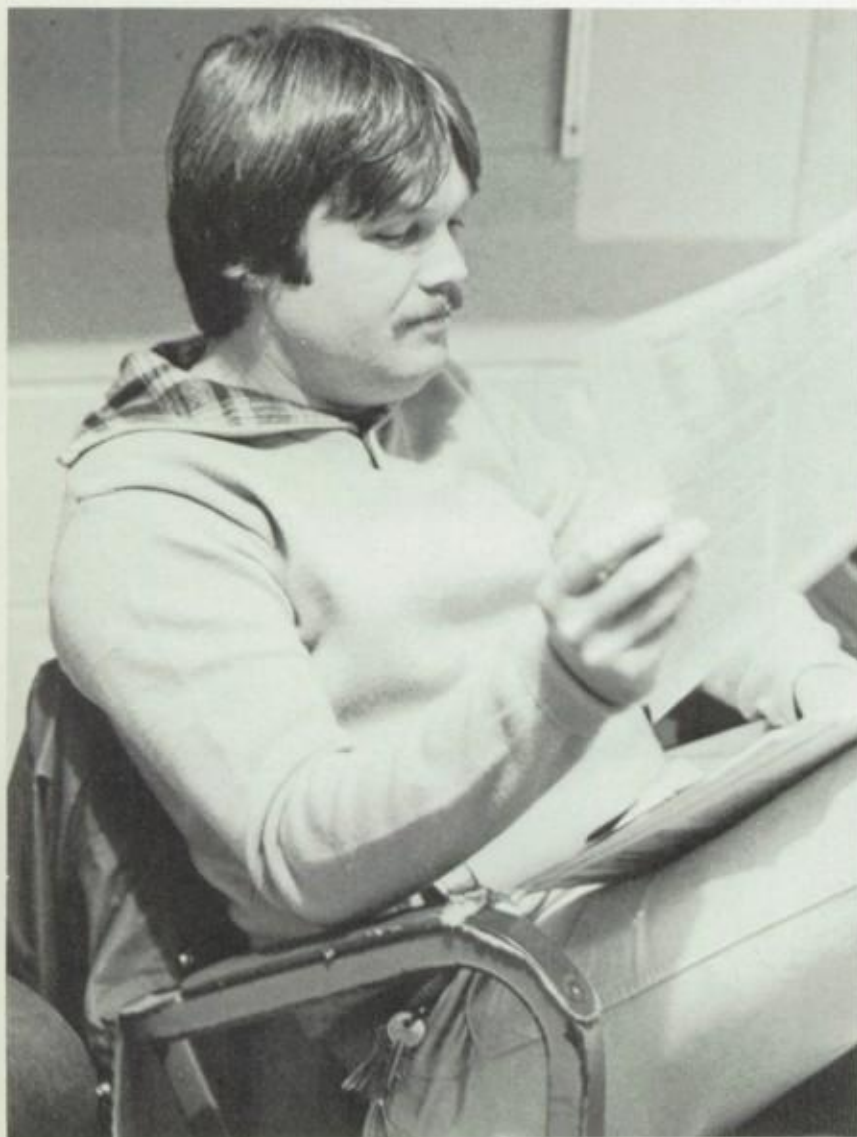

The administration gained a new look as Dr. Betty Watson joined the staff. One achievement she would like to make while here is for the educational system to reach the standards necessary for membership in the Southern Association of Secondary Schools and Colleges.

Dr. Watson is a graduate of Western Kentucky University and Indiana University. She is a history, Counselor/Guidance, and School Administration major with minors in Economics and English.

Writing and travel occupy what little spare time she acquires. Dr. Watson resides in Hawesville with her husband, H.G. Watson.

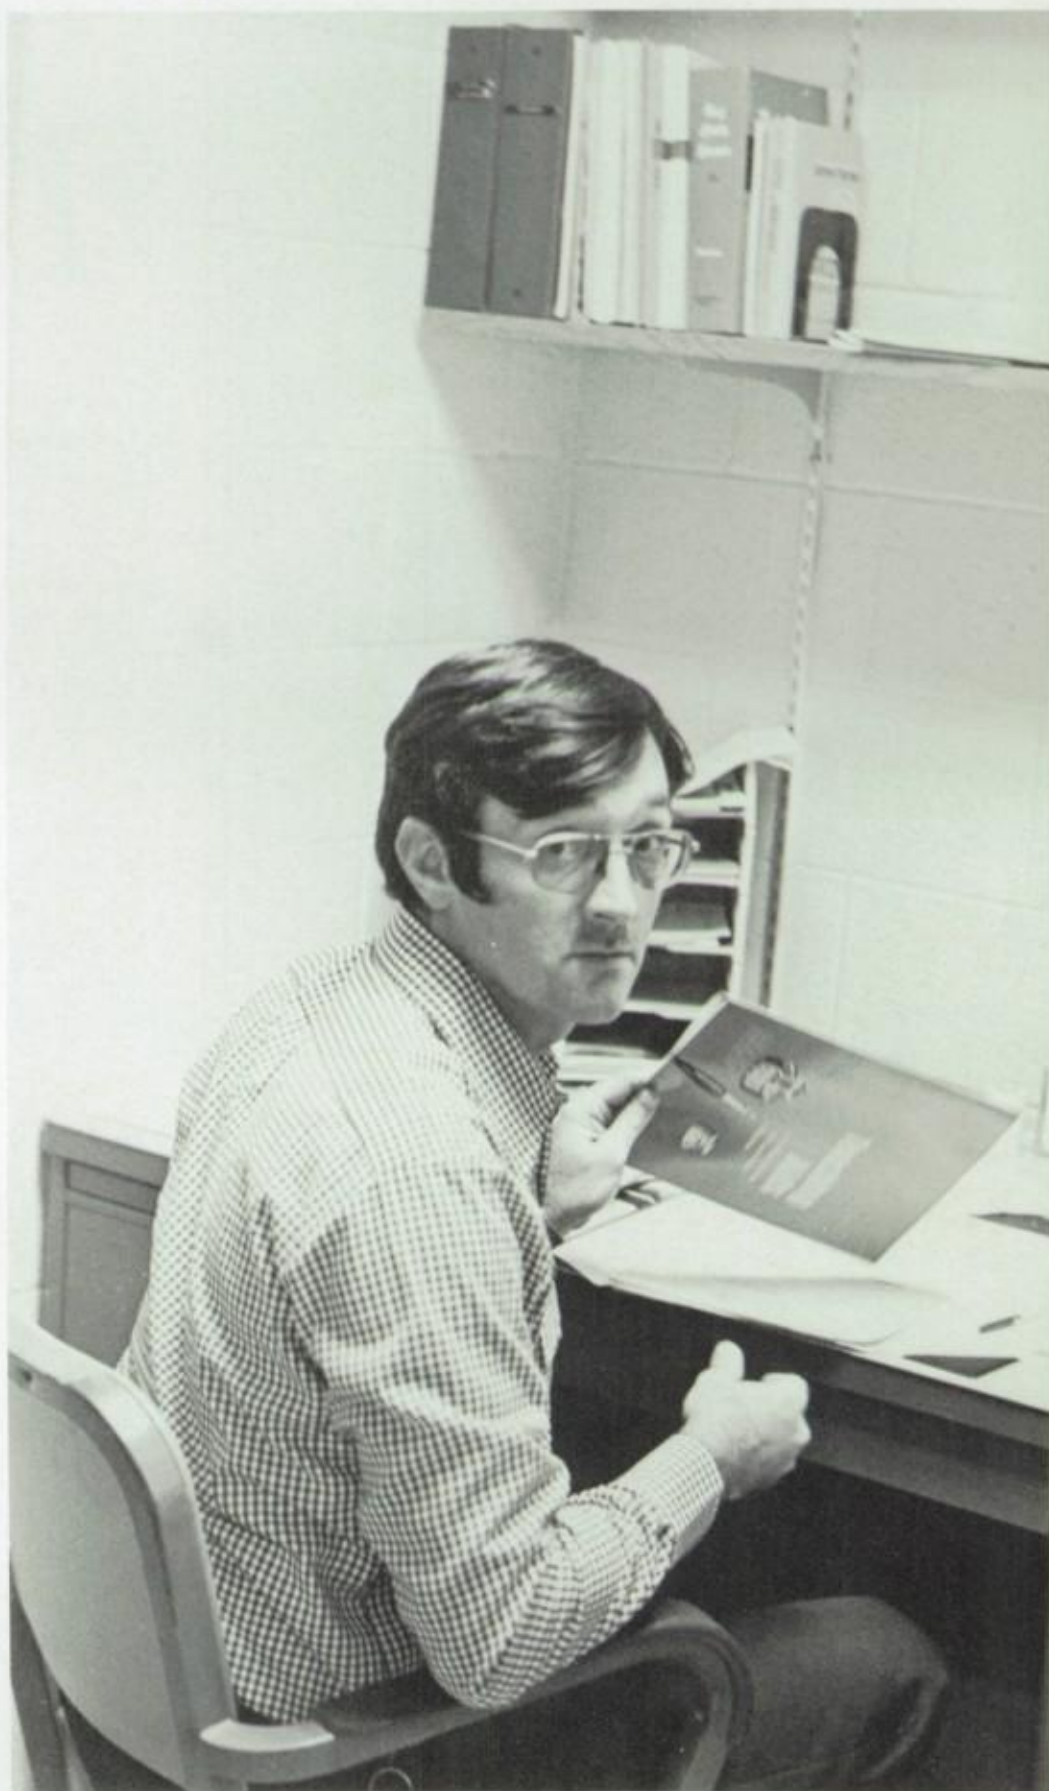

U. of K. sports, playing with his daughter, and farming are definitely at the top of the "list of likes" for Mr. Pat Henderson.

Mr. Henderson received his B.S. and M.A. from the University of Kentucky in Agriculture, Ag Ed., and Vocational Administration. He later continued his graduate studies at Western Kentucky University where he earned his Rank I.

He and his wife, Mary Jane, a first grade teacher at Irvington Elementary, have one daughter, Beth, who is in the first grade.

The Bewleyville Methodist Church, Breck. Co. Pork Producers, and the Breck. Co. Fair Board are just a few community activities Mr. Henderson is involved in.

A graduate of Western Kentucky University, Mr. Ron Gibson is now one of the four agriculture teachers. His hobbies are farming, hunting, fishing, and cars. When asked what he liked best about our school he said, "the friendly people." Mr. Gibson, is also an advisor for the F.F.A. His wife, Linda, teaches special education.

Ag Activists

The favorite pastime of Mr. Thomas Macy is working? At least that is what he said. Mr. Macy also "tees off" when he can at the golf course.

Agriculture Mechanics and Agribusiness I are Mr. Macy's specialties. He attended Murray State and Western Kentucky University with a major in Agriculture Mechanics and Agriculture Education.

Mr. Macy's wife, Leslie, is a nurse. They live in Hardinsburg.

Although he feels there has been an increase in student involvement, Mr. Leon Smiley would like to see more **active** clubs added to the slate of "extras." As an advisor for the Future Farmers of America, he definately has seen **activity**. In fact, he believes these activities are what makes his class unique and interesting.

Mr. Smiley teaches Agribusiness II and has been associated with the Ag department for ten years. He graduated from the University of Kentucky with a degree in Agriculture Education.

CREATIVE C O R N E R

Five years of telling an Art I student to draw straight lines and paint color wheels may seem unusual to you, but to Mr. Jim Hutchison, developing students' artistic abilities is rewarding.

Mr. Hutchison teaches Art I, II, III, and IV and is the major sponsor for the Art Club. He has a B.A. in secondary art, an M.A. with major in secondary education and minor in art, and a Rank I achievement in secondary education. His post-classtime hobbies include landscaping, horticulture, and woodworking. Mr. Hutchison enjoys going to art galleries and craft shows.

Mr. Hutchison is pleased by the fact that the school is a place he enjoys coming to every morning at 8:00. In the afternoon, however, he is always ready to return home to his wife, Vickie, and his son, Matt.

Art students can be creative using geometric compasses and rulers.

Commerce Queens

Typing I and Accounting I "fill the bill" for Miss Sue Smiley. She has been teaching for 18 years here and has taught nowhere else.

Miss Smiley earned her B.S. from Western Kentucky University and her M.A. from Murray State University. Her major was business education.

She enjoys reading in her spare time.

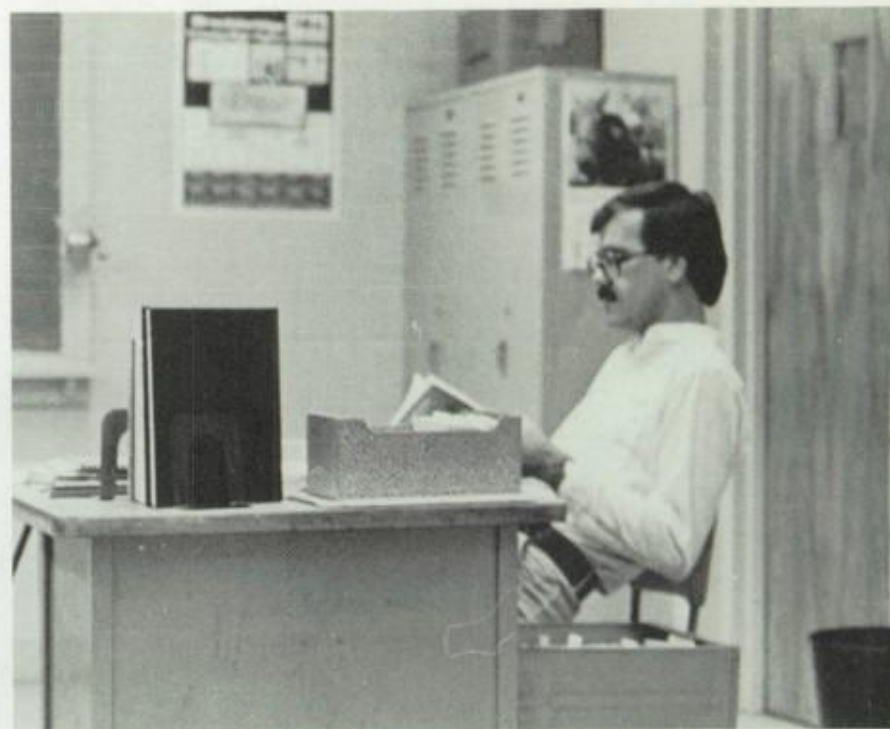

Typing I, Typing II, and General Business total up the typical day for Mrs. Sharon Smith. She has been teaching for 15 years, one of which was in Buckland, Ohio.

Golf, reading, church, and listening to Hi 95 takes up any spare time Mrs. Smith has.

A grad of Campbellsville College, her major was in the business area.

Grammar Guides

The final bell, snow days, holidays, and summer vacation highlight Mr. Timothy Todhunter's favorite school activities. During these breaks and in his spare time, he reads, does research, and works on his current project.

Mr. Todhunter taught in parochial schools in the Louisville area for five years before coming to Breckinridge County. His dreams for the future include the achievement of world peace and the return of a good 5¢ cigar.

Woodworking and local church activities, in addition to teaching English and Latin, are a few of the activities that keep William Newman busy.

He has a B.A. from Georgetown College and has been teaching for twenty-one years, twelve of which were spent at Frederick Fraze High.

Mr. Newman said that the friendliness of students and teachers is one of his favorite aspects of the school.

Music involves much of Mr. Michael Patterson's spare time. He serves as choir director at the Irvington Methodist Church and is a member of the Irvington Community Choir. His favorite pastimes and hobbies also have a harmonious strain. In addition to his love of music, Mr. Patterson is an avid tennis buff.

In regard to the school Mr. Patterson said, "I wish it were possible to motivate **all** students to contribute **positively** to BCHS and its programs. A few students take advantage of people and situations and thus make it difficult for others."

Reading, refinishing furniture, and sewing are a few of the things Mrs. Linda Powell enjoys in her spare time.

She graduated from Western Kentucky University with a major in English. She has been teaching English classes for nine years.

Handicrafts such as sewing, crewel embroidery, and macrame, along with playing the piano and gardening fill Mrs. Mary Lois Morris's leisure time. The wife of J.C. Morris, she has three daughters, Melissa Beth, Sara Lynn, and Amy Shannon.

Although she says she has no hobby per se, Mrs. Doris Beauchamp has no difficulty finding ways to spend her time. She enjoys music, reading, and is a dedicated baseball fan during the summer. She is also involved in church activities and the Breckinridge County Association for the Handicapped.

Nancy Jolly trying to ski? Yes, that is right. Water skiing is one of Mrs. Jolly's favorite pastimes. Besides water sports, she also likes to read and sew.

As a WKU undergraduate Mrs. Jolly had two majors: English and Mathematics. She is the Student in Action for Education advisor.

English and Reading are the subjects Mrs. Lone A. Hoechner takes pleasure in teaching. She has been teaching for nine years.

Mrs. Hoechner spends most of her extra time farming, traveling, skating, and gardening. Crewel embroidery, sewing, and refinishing furniture are the indoor activities she enjoys most.

Happy Homemakers

A green thumb is Ms. Imogene Wood's speciality. She enjoys the great outdoors while working and doing yard work. Ms. Woods has been teaching Home Ec. for the past 25 years. She taught at Irvington before the consolidation of Irvington and Hardinsburg High Schools. Ms. Woods is fond of reading, sewing, and needle crafts.

Sewing, crafts, and gardening are fitting hobbies for Mrs. Alicia Harper, who teaches Home Economics. She attended Western Kentucky University and this is her eighth year of teaching. She is married to Danny Harper and they have three children, Toby, Bridgette, and Christopher.

Mrs. Harper enjoys walking and playing with her kids. She likes the organizational and teaching aspects of the school.

Anything to do with crafts and homemaking are the major interests of Ms. Barbara Hayes, the teacher of the new Commercial Foods class and one of the Home Ec. II teachers. She has taught a total of 10 years, of which the last four have been here.

Ms. Hayes enjoys filling her leisure time with church activities, traveling, and redecorating her home. Her favorite aspect of the school is the friendly atmosphere.

Ms. Hayes resides in Hardinsburg with her children, Tracy-10, and Bobby-7.

Industrial Interests

Drawing house plans is one of the assignments in drafting class. Michael Clark does tedious work on a plan.

Watching TV or working with wood are just some of the things that Mr. James Tucker does during his spare time. He teaches Drafting, Architectural Drawing, and General Shop.

Mr. Tucker's wife is Oletta. They have a daughter, Leslie, 3, and a son, Kevin, 6 months. Mr. Tucker likes the programs that have been established and the improvement in the facilities. Mr. Tucker taught one year at West Hardin High School before coming here.

Drafting and industrial arts are co-instructed by Mr. Ernie Dubree. He has an M.A. from Western Kentucky University.

Mr. Dubree is an outdoor enthusiast who enjoys hunting and fishing.

Fitness Fun

As a teacher of Physical Education, Coach Ronnie Carman is a very sports minded person. He enjoys playing golf and softball as well as basketball, which he coaches.

Coach Carman attended Campbellsville College where he majored in Physical Education and minored in Sociology.

When asked what was the most interesting aspect of his class, he said, "the variety of activities that the students offered." Mr. Carman is married to the former Miss Jane Lyons.

Coach Spencer Elder is a man of many facets. Not only does he teach Driver's Education, Civics, and Health; he serves as tennis and Junior Varsity basketball coach as well. In the spare time he can manipulate, Mr. Elder enjoys boating and softball in addition to basketball and tennis.

Long class periods with students without spirit are extreme "negatives." The fact that faculty members and students enjoy being at school, however, gives him a positive feeling.

Watching his two year old daughter, Kari Beth, grow up is Coach Denny LaGrange's favorite pastime. He also enjoys hunting, and raising and training bird dogs. Sporting events, naturally, occupy a great portion of his time. He serves as assistant football coach and head girls basketball coach.

Mr. LaGrange would like to see class periods shortened to forty-five minutes. He also would like to see school spirit continue to improve.

He feels very little complaining and a lot of friendliness are evident. With effort Mr. LaGrange believes a first class school can be attained.

Serving as pep club and cheerleading sponsor keeps Mrs. Marcella Mercer busy during and after school. She teaches advanced physical education. The most interesting outlook of her P.E. classes are gymnastics and super volleyball players. Her hobbies include swimming and plant care. Mrs. Mercer is fond of shopping and being with her 4-year old daughter, Heather.

Master Minds

Photography and traveling are definitely "pluses" on Ms. Debbie Williams' list of activities. She also enjoys sewing and working brain puzzles.

Ms. Williams teaches Geometry, Math I, and is yearbook advisor. She taught in Nicholas County High School for three years before coming here. Although a lack of respect is apparent, she feels students are fairly well-behaved compared to her last school.

Western Kentucky University is Ms. Williams' alma mater. While there she earned an undergraduate degree in Math and a graduate degree in Education. She was a three-year member of the **Talisman** yearbook staff and served as index editor, class editor, and academics editor.

Patricia Ann "Patti" Patton is in her second year of teaching. She takes a great interest in sports such as swimming and bicycling. She also likes to read and take care of her plants. As a Girls Varsity Cheerleading Sponsor, Mrs. Patton has shown great enthusiasm and spirit.

She graduated from Kentucky Wesleyan with a major in Sociology and a minor in Psychology and Math.

Originally from Philadelphia, Pennsylvania, Mrs. Patton now resides in Roff with her husband, Jeff and her dachshund, Misty.

Former Lincoln County High School teacher Richard Jones now teaches Breckinridge County students Algebra I and Math I & II. In his spare time he enjoys hunting, fishing, woodworking, and church activities.

Mr. Jones says he likes the friendliness of the students and teachers. The most interesting aspect of his class, he feels, is watching the freshmen encounter Algebra I.

"A Connecticut Yankee in Kentucky" avidly describes Mrs. Anne M. O'Reilly. After graduating from Central Connecticut State College, she migrated south and married Mr. Paul O'Reilly. They live on a farm with their children Stacey and Bryan.

In her sixteenth year of teaching, Mrs. "O" teaches Math I, Algebra II, and College Prep Math. She is head of the Math Department and Math Club sponsor. Her favorite aspect of the school is the students, even though she sometimes has to stand on her head to keep her juniors and seniors awake. She also likes her sign which specifies that Room 215 belongs to Anne M. O'Reilly, Chairman, Department of Mathematics. She says it makes her feel important.

Super Scientist

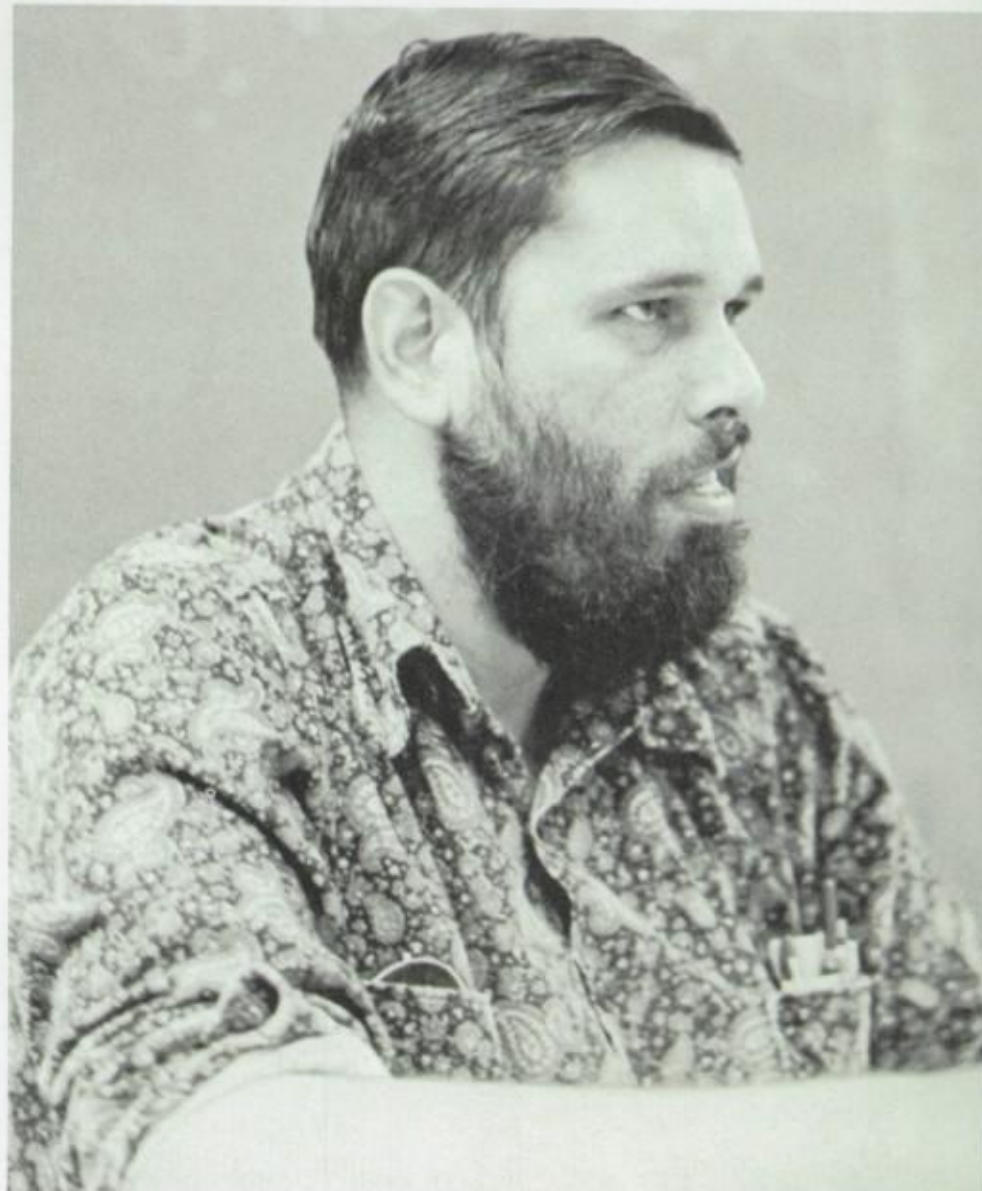

When asked what he liked least about BCHS Tony Wardrip said, "I have found nothing that I don't like about BCHS. As with most teachers, one of my least favorite things about teaching is grading papers (a necessary evil)." When he is not buried in paperwork, Mr. Tony Wardrip is busy refinishing furniture, working on photography, or collecting depression glass. Mr. Wardrip is Vice-President of the Breckinridge County Educational Association for the Handicapped and each year he organizes the Walk-a-thon.

Doss High School alumni Oscar Gardner lists his most unusual classroom happening as "having Charles Poole in class."

Coach Gardner is a biology major from Indiana Central University and has taught science and coached football for six years.

Physics and Math major Raleigh Shelton is a graduate of Western Kentucky University. He has been teaching QPS and Physics for eight years and he says his most unusual classroom happening is, simply, "my being there."

Mr. Shelton makes a hobby of trying to avoid filling out forms.

Science is among Mr. Dale Edge's interests. His hobby is taxidermy. To go along with his taxidermy, he likes to hunt and fish.

Mr. Edge has been teaching for 19 years, seven of which he spent in Ohio Co. He attended the University of Kentucky and Western Kentucky University where he majored in Biology, Geology, and Geography.

When asked about unusual classroom happenings he replied, "The first year I was here, the chemistry prep and supply room caught on fire due to a time bomb (natural) left by a previous teacher. We had to evacuate the whole third hall."

Camping and fishing with his wife, Patricia, and his children Ann Marie, Shannon, Chad Robert, and Amy Dawn are Mr. Robert Meador's favorite pastimes. Other than these Mr. Meador says he has no other active hobbies.

In his ninth year of teaching, Mr. Meador attempts to educate students in Chemistry and Biology. He enjoys students who want an education and dislikes those who don't care. The greatest improvement Mr. Meador would like to see is the elimination or banishment of those students who don't want an education.

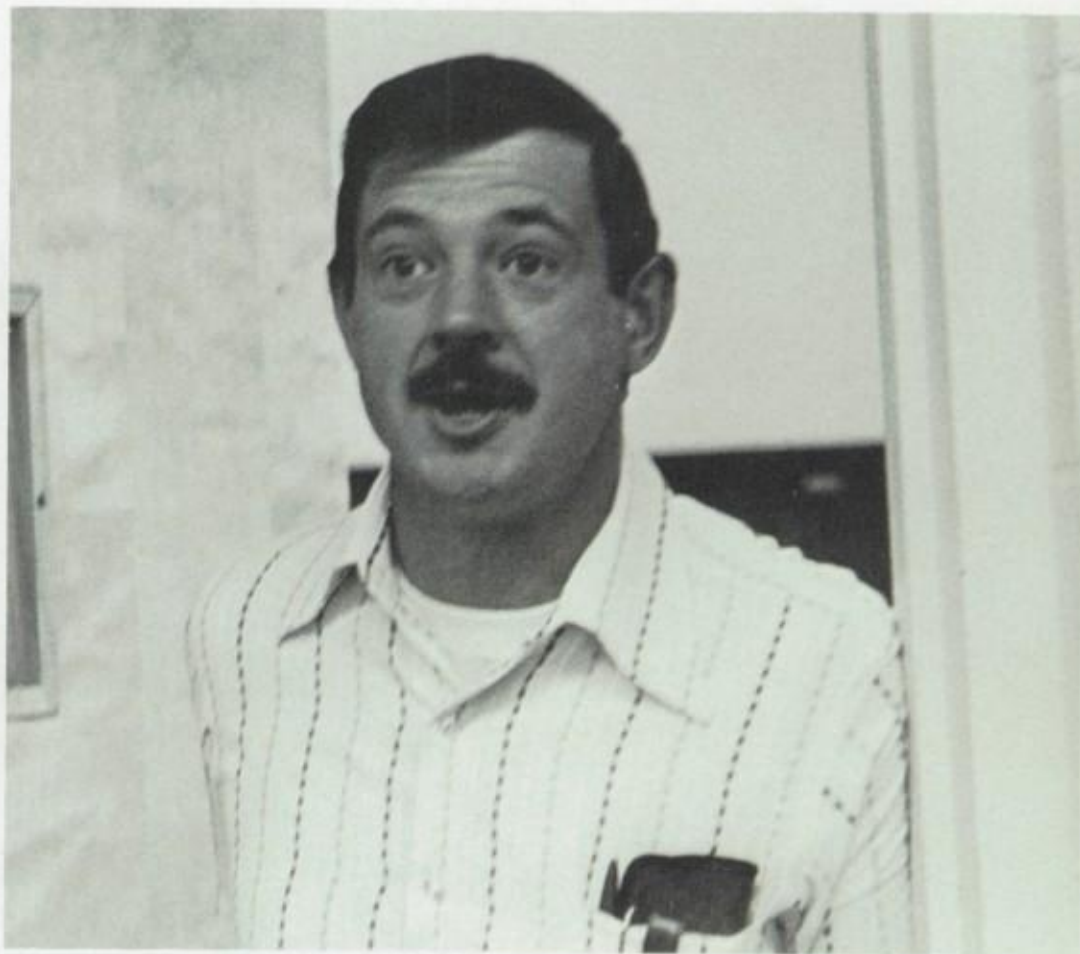

Always the outdoorsman, Mr. Paul F. O'Reilly spends his recreation time searching for additions to his arrowhead collection and hunting. He teaches Civics, Global Studies and Journalism. Mr. O'Reilly would like academic standards raised.

As a hunter, Mr. O'Reilly can protect himself against animals. He should have used some of his sportsman instincts during his first two weeks of teaching. He was bitten unexpectedly by a student.

Sports pretty well sums up Mr. Jeff Patton. His hobbies include football, basketball, and softball. He is assistant coach for the girls basketball team, besides being the Pop Warner football coach.

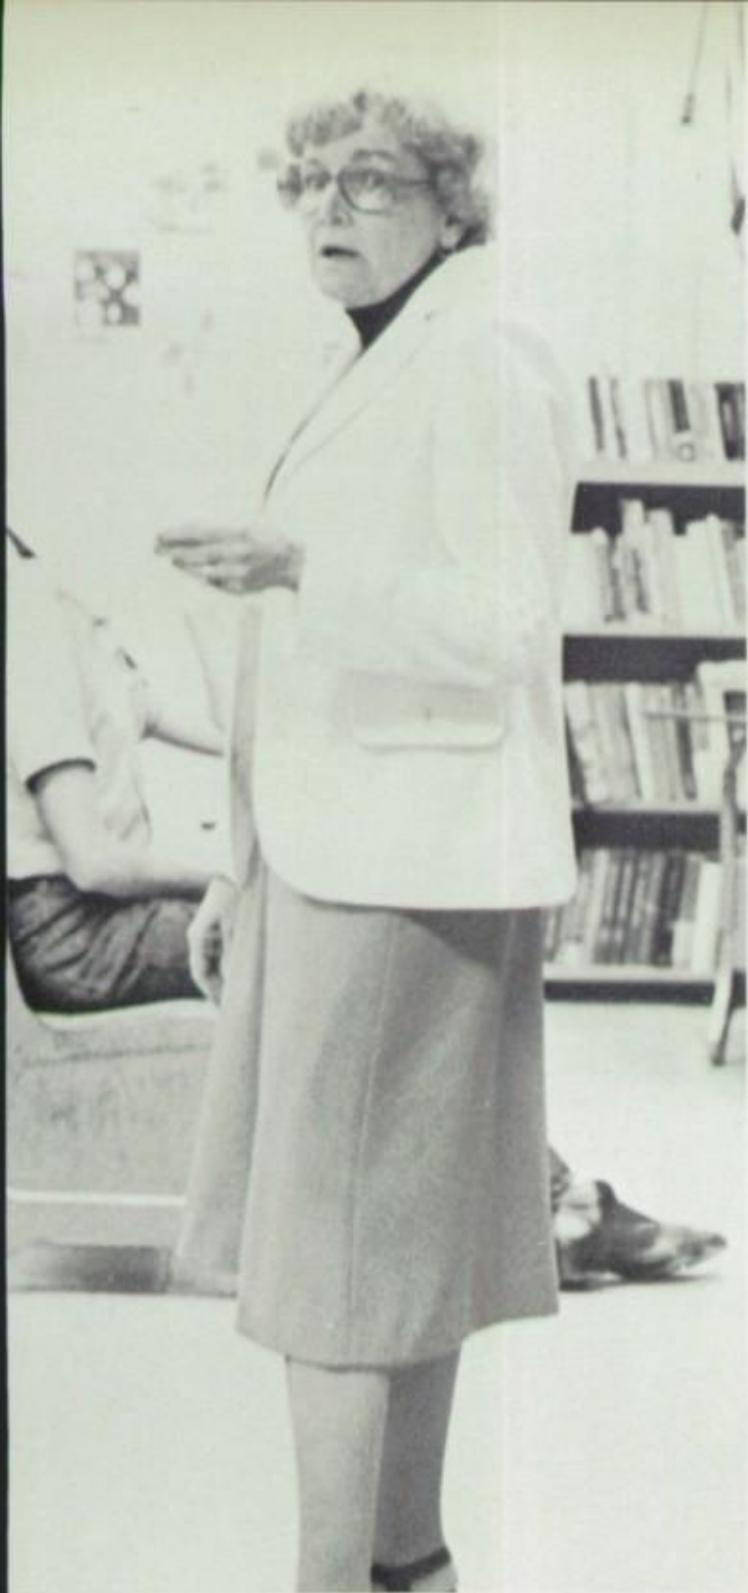

A graduate of Western Kentucky University, he majored in education, with a minor in history. He enjoys being around the students, but would like to see more school spirit.

Mr. Patton enjoys watching sports on television and just "Shooting the bull."

"?Como estas?" is just one of the common Spanish phrases Miss Pelton asks in her Spanish classes. It means simply, "How are you?" She teaches Spanish I, II, III, a Civics class, and a sociology class. The breaking of pinatas and singing in Spanish, role playing in Sociology, and High Q competition in Civics are the most unusual and enjoyable aspects of her classes. Miss Pelton is also sponsor of the Spanish Club.

Playing the guitar and piano, making latch hook rugs, and reading are Miss Pelton's hobbies and pastimes.

Historical Milestones

An instructor of U.S. History and Advanced Physical Political Science, Mrs. Alma Ruth Butler has taught for twenty-nine years, seven of them being at Tompkinsville High School.

She graduated from Western Kentucky University with a major in History and English and a minor in Economics and Sociology. She is the advisor of the National Honor Society.

Mrs. Butler has an enormous list of hobbies that include collecting old books and glassware, visiting historic shrines, reading, and horseback riding.

With a list of hobbies that include all sports, it's no wonder that Mr. Dean Hobbs is head-basketball coach and Cross Country coach.

After attending Campbellsville College as a health major and Social Studies minor, Coach Hobbs taught at St. Romuald High School. After four years there, he is now in his second year of teaching American History and Civics here.

Mr. Hobbs detests apathy in students and teachers. Making learning fun is the chief objective of his classes.

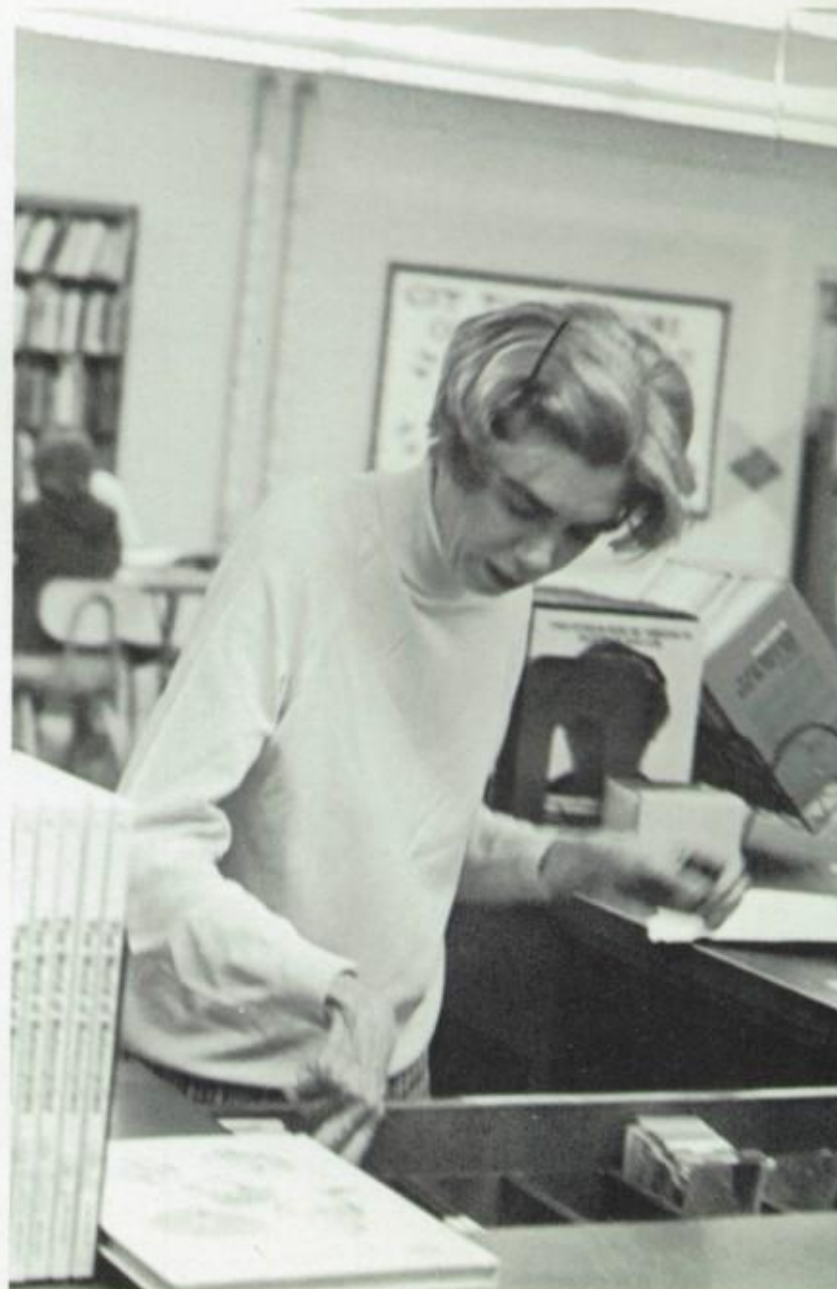

Book Beat

Library Aide, Mary Ann Pace, graduated from old BCHS in 1960. In that same year, she went to work at the Breckinridge County Public Library and remained there until 1978.

She volunteered to work here in August, 1978. Her main responsibilities are controlling circulation of books, filing and processing materials in the vertical file, checking periodical circulation, and recommending new books.

The students have been most responsive to her. She enjoys working with books; her special penchant is the book fair. Last year she directed the most successful Readathon ever held. With Miss Pace's assistance, several hundred dollars were thus raised for the Kentucky Association of Retarded Citizens.

Reading or trying to keep up with her daughter, Erin, is Mrs. Debbie Arnold's favorite pastime. She also enjoys old movies as well as dining at a restaurant with a "mammoth" salad bar.

She served as librarian at Hardinsburg Elementary for five years, but has held her current position for the past four years. She attended Indiana University where she got her B.S.; in 1972 she received her M.A. at Western Kentucky University.

Mrs. Arnold thinks the school has a safe, secure, and respectful atmosphere. Her only concern is the lack of space for expansion. "We are quickly outgrowing a fairly large physical facility."

In regard to the student body Mrs. Arnold said, "The students are top-notch; they make one feel a sense of accomplishment as well as appreciation."

Melody Majors

A graduate of North Hardin High School and Campbellsville College. Miss Nancy Nall has majored in both voice and piano. She enjoys sewing, watching TV, and going to basketball games. When asked what she liked least about the school, Miss Nall replied "I wish the students would have more enthusiasm about their school life."

In his fourth year here, Mr. Wes Eakin teaches band and Music Appreciation. He majored in Music Education, and attended several different colleges.

He is married to the former Sheila James, and has no children. He serves as County Scout Commissioner, as well as Church Choir Director.

Mr. Eakin likes the milkshakes, and the way some of his students devote themselves to music.

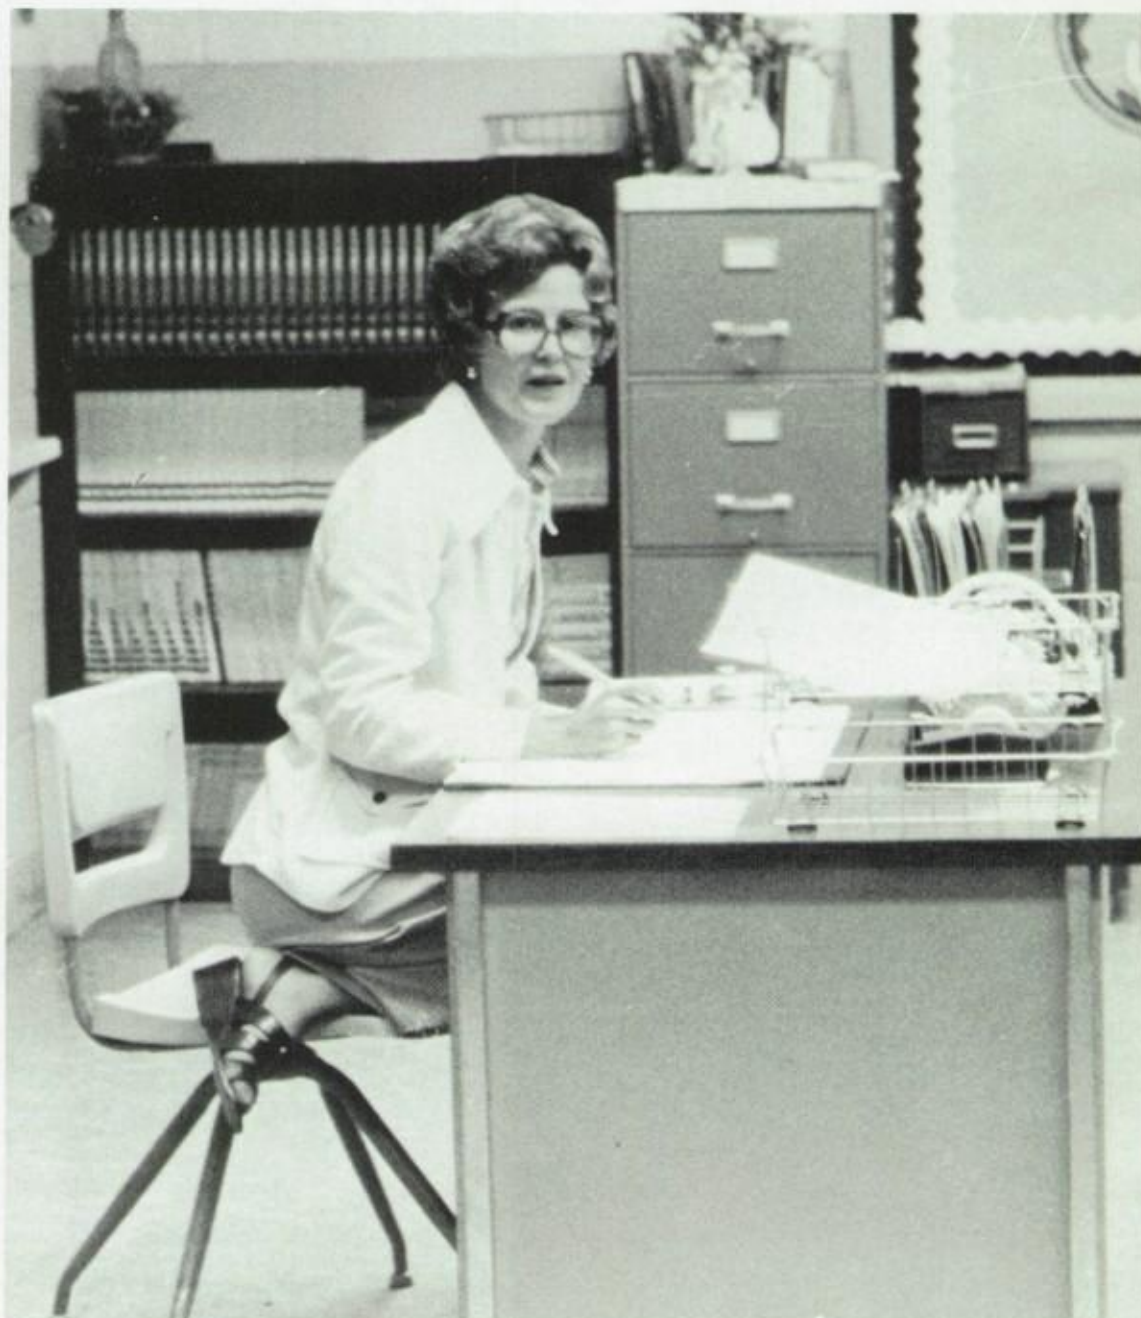

Occupational Outlook

Sophomore students are enlightened in vocational exploration by Mrs. Barbara Miller. She has been teaching in this system for ten years. An undergraduate degree in Sociology, and graduate degree in Education, and a Rank I in Administration and Supervision enable Mrs. Miller to efficiently train her students.

Mrs. Miller enjoys reading, playing the organ, and making desserts and candy. She is active in church mission organization and Homemaker's Club. She also teaches a Sunday School class at the Hardinsburg Baptist Church. She is married to Joe A. Miller and has a daughter, Julie, age nine.

The great spirit of the lunchroom staff and the splendid cooperation of administration and fellow teachers are Mrs. Miller's favorite aspects of the "school scene." She would like to see improvements in many student's attitudes toward school and life.

Where would you find Gary Wright after school or on Saturday? Probably at a softball game. Mr. Wright says that softball is one of his major pastimes and favorite hobbies. He is also involved in other activities. Besides being a husband and the father of 4-year old Kevin, Mr. Wright spends time in community activities such as the Jaycees. He attended Western Kentucky University where his major was secondary education. He has been teaching for seven years.

In the opinion of Mrs. Betty J. Morris, there should be a traffic light at the end of second hall. The congestion at this intersection is her chief dislike. She likes the friendliness of the teachers and the support of the principal.

Mrs. Morris is active in the Homemakers and softball leagues. Her hobbies include crocheting, cooking, and refinishing antiques. She and her husband, Orbey, have two children.

After marrying Ron Gibson, Mrs. Linda Gibson became a Learning Disabilities teacher here. She graduated from Western Kentucky University with a Bachelors Science in 1976 and a Masters of Arts in 1978.

Mrs. Gibson likes listening to Peaches and Herb and watching "The Night Stalker."

Extra-Special Education

Singing, playing bridge, going to movies, and partying are at the top of the leisure-time list for Mrs. Janyce Stout's favorite pastimes. A student of Auburn University and Georgia State University, she studied History, Political Science, and English. Although she's "a rookie" at BCHS, she's not new in the teaching profession. She previously taught in Alabama for four years, and Atlanta, Georgia, for six years.

Reading, crafts, dramatics, and horseback riding are a few enjoyments of Mrs. Barbara Cline. One of the four new special education teachers, her branch is E.M.H. (Educatable Mentally Handicapped). Mrs. Cline has also taught summer school, been a private tutor, and substituted for other teachers. Mrs. Cline and her family, husband Don and two children, Michael and Kelly, lived in South America for three years before moving to Fort Knox, where they now reside.

HELPING AND S

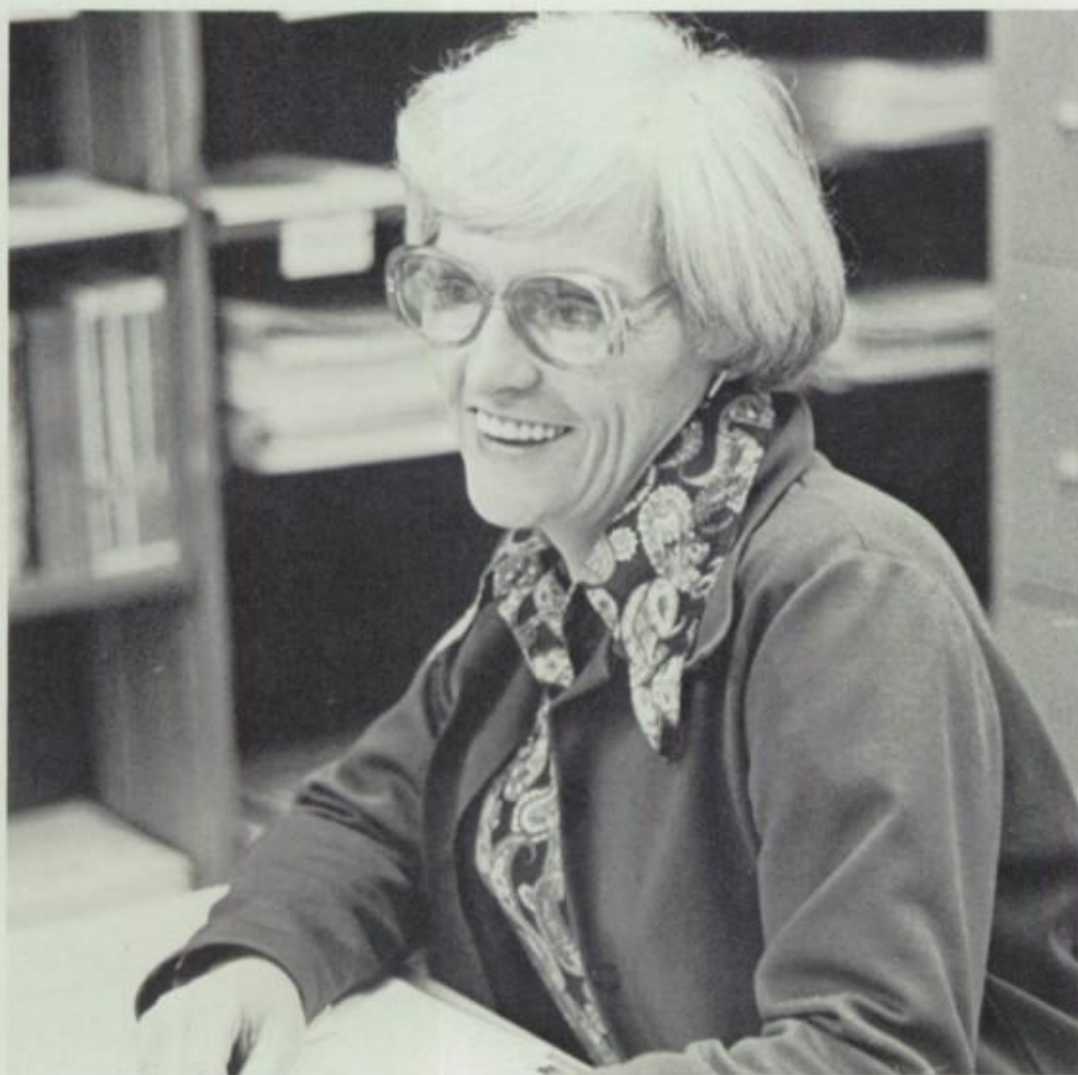

Right — All monies and financial records are the encumbrance of Mrs. Flora Ball. She has managed these affairs for twenty-three years with accuracy and precision. **Below** — With her soft voice and Southern drawl, Mrs. Jean Johnson welcomes all visitors and answers inquiries from her reception station.

Above left — Sue Fentress serves as Vocational Exploration aide and collects money during lunch. **Above** — Bookkeeping is not the only responsibility for Mrs. Rose Adkins. She also keeps the attendance and lunchroom records. **Right** — Assisting Mrs. Betty Morris in TMH is Luna Moore's chief duty.

Career Counseling

Playing pick-up basketball, attending sports events, and watching them on TV are just a few of Mr. Larry Frank's favorite pastimes.

He has been counseling here for nine years and previously had been at Ohio County for three years and Grayson County for one year.

Mr. Frank attended Western Kentucky University where he earned his B.S. as a P.E. major and a Driver's Ed. and Geography minor, his M.A. in Guidance and Counseling, and his Rank I in Guidance and School Administration.

He and his wife, Penny, have two children, Alan, age seven, and Patti, age four.

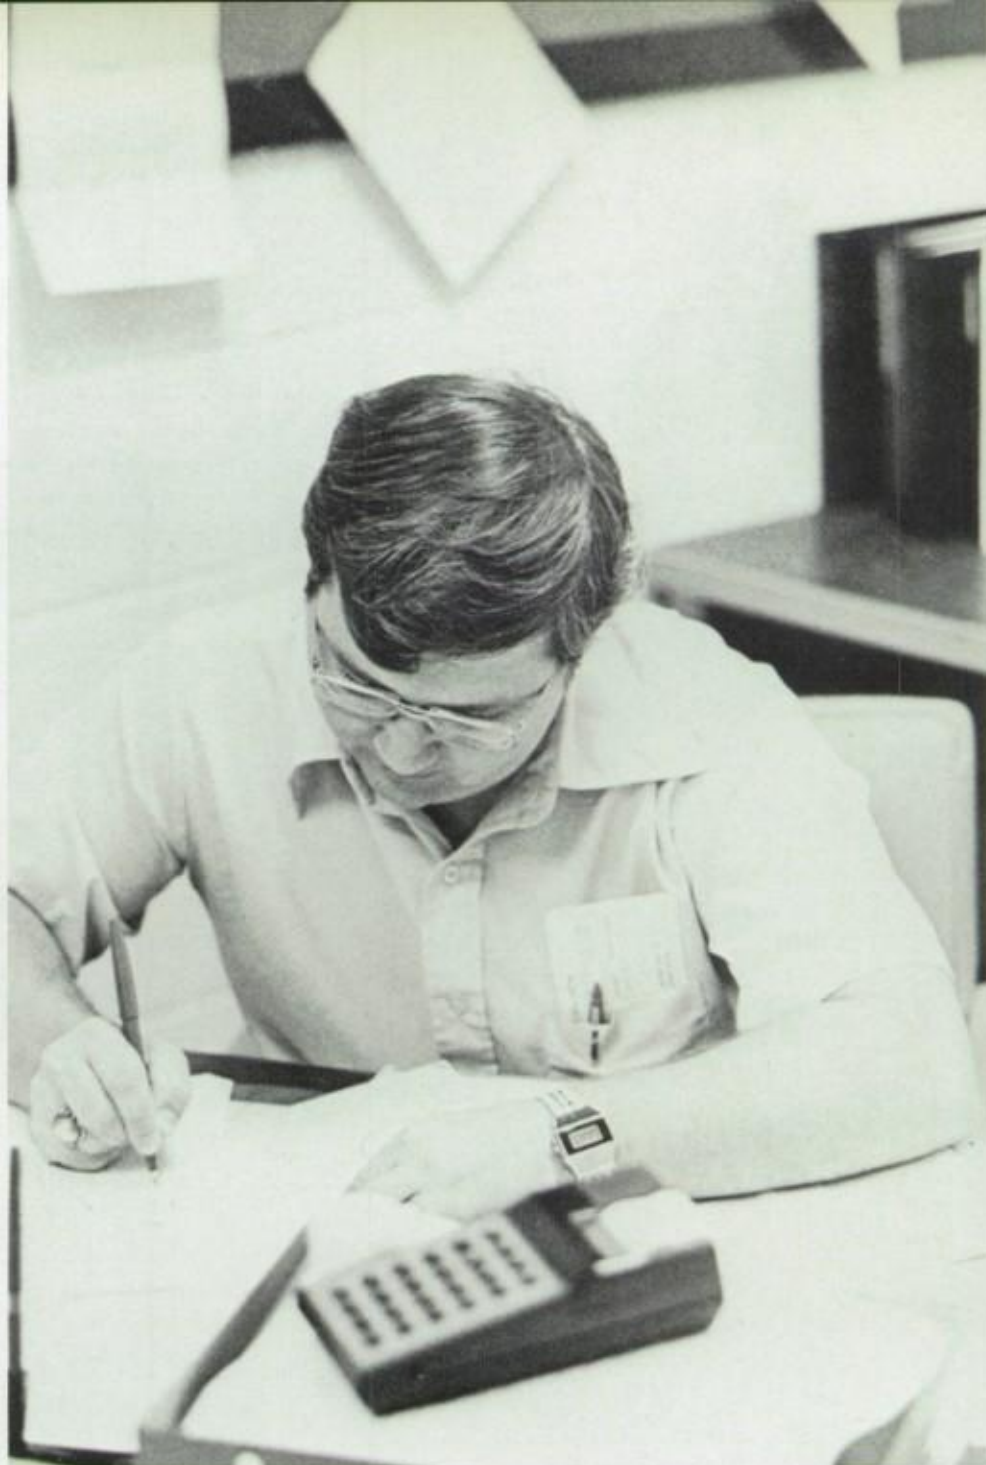

Listening to Donna Summer and The Village People is one of the favorite pastimes of Ms. Janice Horsley. She also enjoys watching sports on TV, particularly football. In her 10½ years of teaching, Ms. Horsley has taught Chemistry and worked as a Guidance Counselor. Besides being a First Lieutenant in the U.S. Army Reserve, she spends part of her time with her siamese cats and working outside with flowers.

Migrant program teacher, Mrs. Margaret Miller, supports sporting events with enthusiasm. She enjoys football and basketball games and playing golf. Mrs. Miller has two children, Debbie, who is a graduate student at U. of K., and Brenda, who works at Rough River.

Vocational School

In his third year as Vocational School Coordinator, Mr. Wayne Spencer maintains order and synchronizes activities. During his spare time, he enjoys eating out and attending movies. His hobbies include crafts, woodworking, reading, and sports.

Mr. Spencer has an associate degree in Science and Forestry, a B.S. in Vocational Education, and an M.S. in Vocational Administrative Education.

Horseback riding and all outdoor activities are just a few things Ms. Cathy Smith is fond of during her spare time. She is the new secretary in the front office of the vocational school. Ms. Smith attended the University of Kentucky for two years and majored in Agriculture.

Business & Office

Shorthand I and II, Business Law, and General Business are taught by Ms. Carla Morris. A grad of Murray State University, she has a B.S. with a major in Business Education and a minor in Psychology.

Tennis and running are at the top of Ms. Morris's "like list," she is a dedicated tractor pull enthusiast who spends her spare time at these events, eyeing the drivers.

Going to ballgames, decorating her new home, and playing with her two year-old son, Brian, are Mrs. Sheila Macy's favorite activities. She also enjoys sewing, cooking, and playing softball. Mrs. Macy is currently teaching Model Office and Typing II.

Jaycee activities occupy quite a bit of Mr. Larry Rowland's time. As president of the Breckinridge County Jaycees and District Director of the Kentucky Jaycees, he may not have as much time to fish, hunt, golf, and play softball and basketball as he would like.

He is the Accounting I and II and Business Math teacher at the Vocational School.

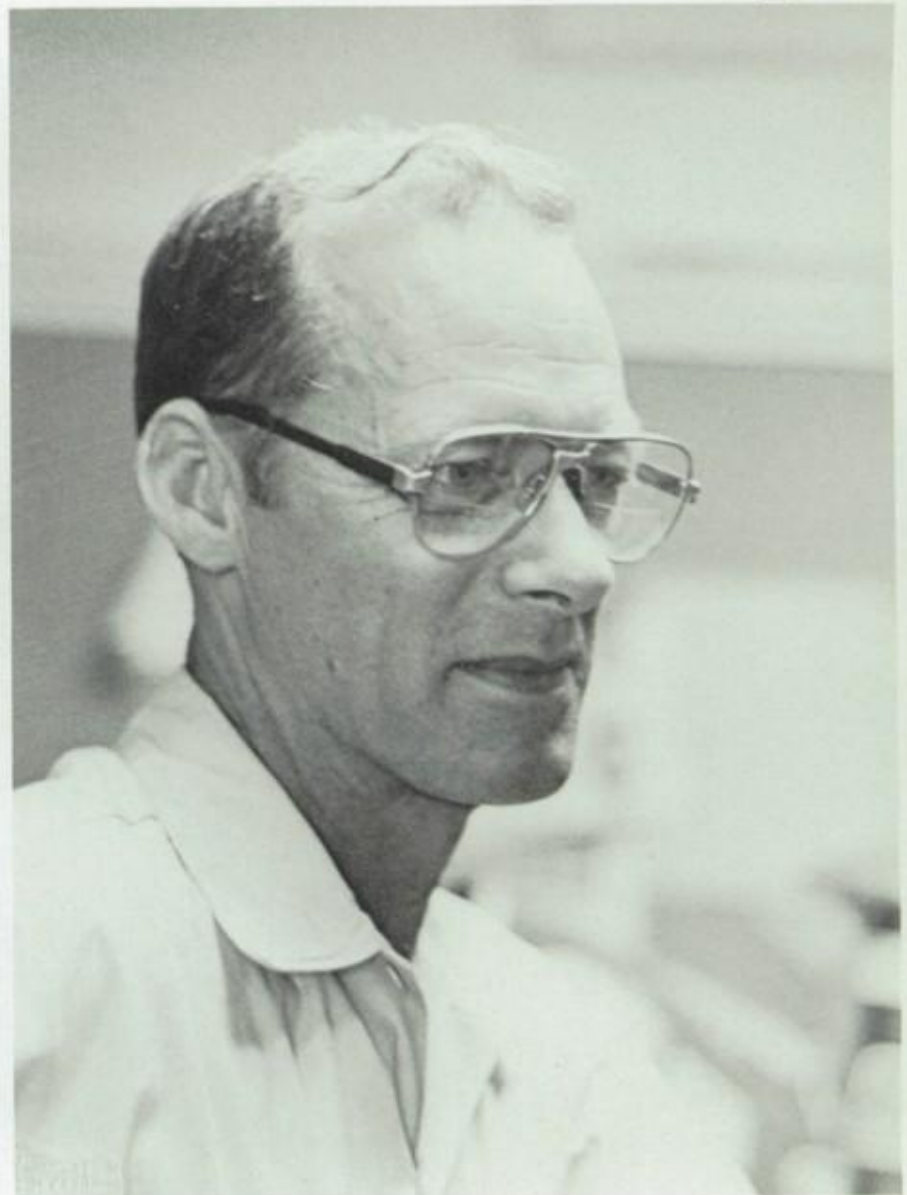

Advising the F.B.L.A. is just one of the responsibilities of Mrs. Carol Calebs. She also teaches Typing I and II and Model Office. Mrs. Calebs is married to Eldon and has two girls, Cynthia and Tina.

Vocational Shop

Welding takes skill and concentration. Mr. Tony Janes gives his pupils insight into the intricacies.

The intricate and complicated mechanism of automobiles is implanted into the minds of students by Mr. Tom Hughs.

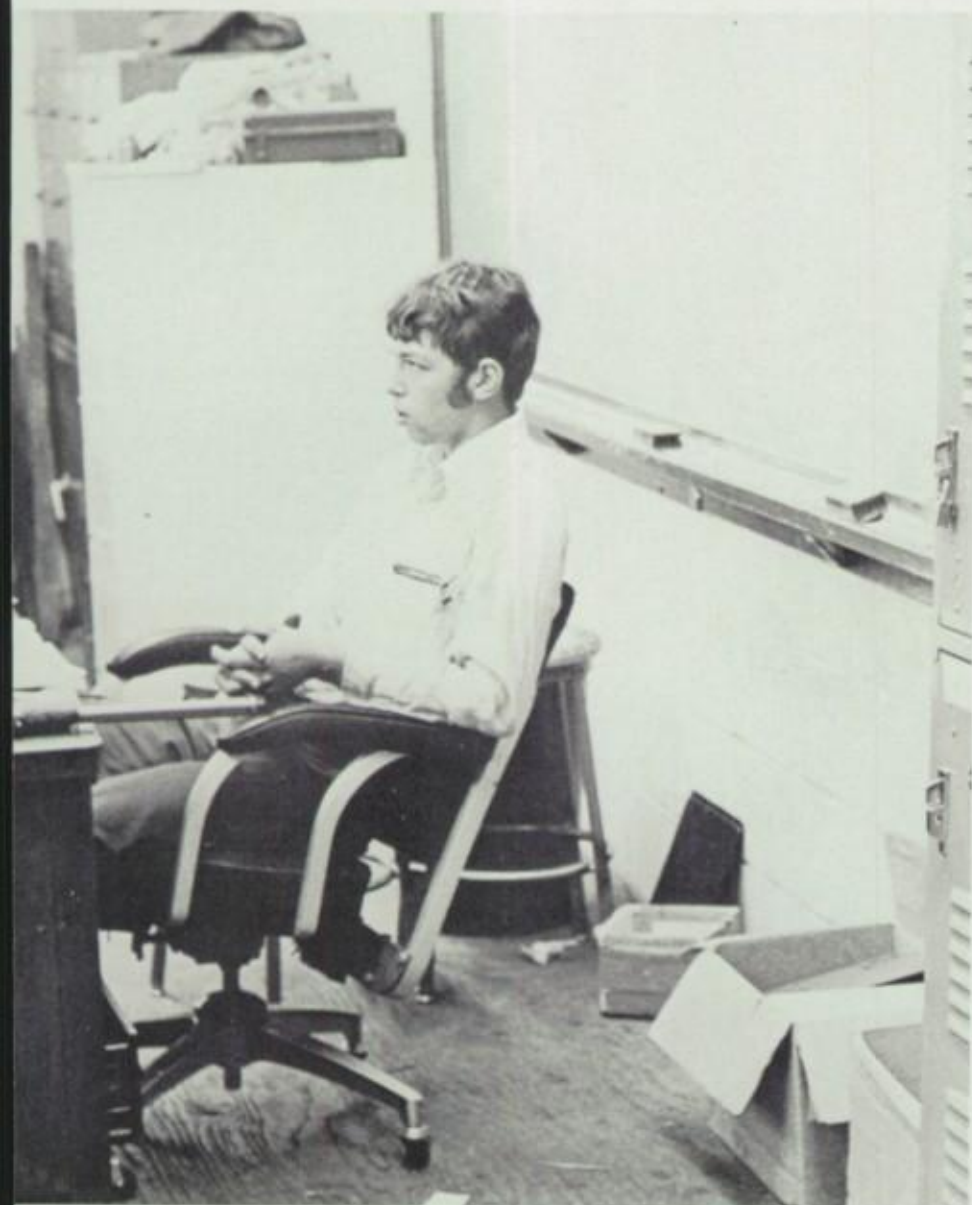

Students "build" knowledge in carpentry with the assistance of Mr. Leonard Dubree.

Health Careers

Even if Health Careers students do not pursue a health-related occupation, they have a sound background in first aid and necessary knowledge. The class is taught by Ms. Debbie Gray.

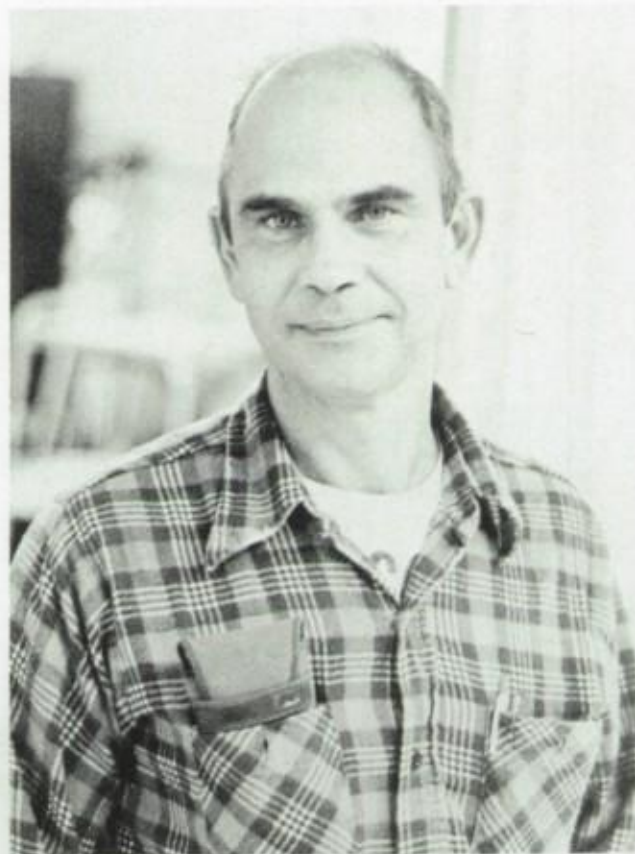

"Machine Shop is a great opportunity for young men to learn the trade so that they can get a good job after graduation," according to Kenneth Whitworth.

Handy Help

The lunchroom staff adds flavor and variety to noon with the sandwich, buffet, and salad lines. They are Jeanette Tivitt, Anna Dean, Monica Ball, Nette Davis, Anita Carman, Doloris Stilwell, Leon Greenwell, Rosemary Hinton, Mollie Stiff, and Shirley Aubrey.

The custodial staff, Walter Harper and Pat Watkins, keeps the school as clean as possible. The maintenance man, Don Schneider, sufficiently takes care of the many problems that occur during the school day.

BOARD OF EDUCATION

Preparing an outline of Monday night's board meeting takes a lot of time and planning. Ralph Tucker, Superintendent, pauses before the next session.

Part of Houston DeHaven's job includes preparing snow routes for the buses in the winter.

Members of the board are as follows: Friedell Hinton, Dan Burkes, Gary Glenn, Robert Bosley, Chairman; and Dr. Robert Chambliss.

Looking back at the football statistics, the Tigers did not appear to have a winning season. Though they were faced with many problems, it was clearly evident that the team possessed a great amount of talent and potential.

Lead by Coach Oscar Gardner, the team displayed ability, concentration, and a tremendous amount of effort.

Even with a record of 3-6, the team maintained their morals and produced an exciting season.

The stats contained admirable figures: 2604 yards gained, 293 attempts, 49 receptions, and 579 tackles.

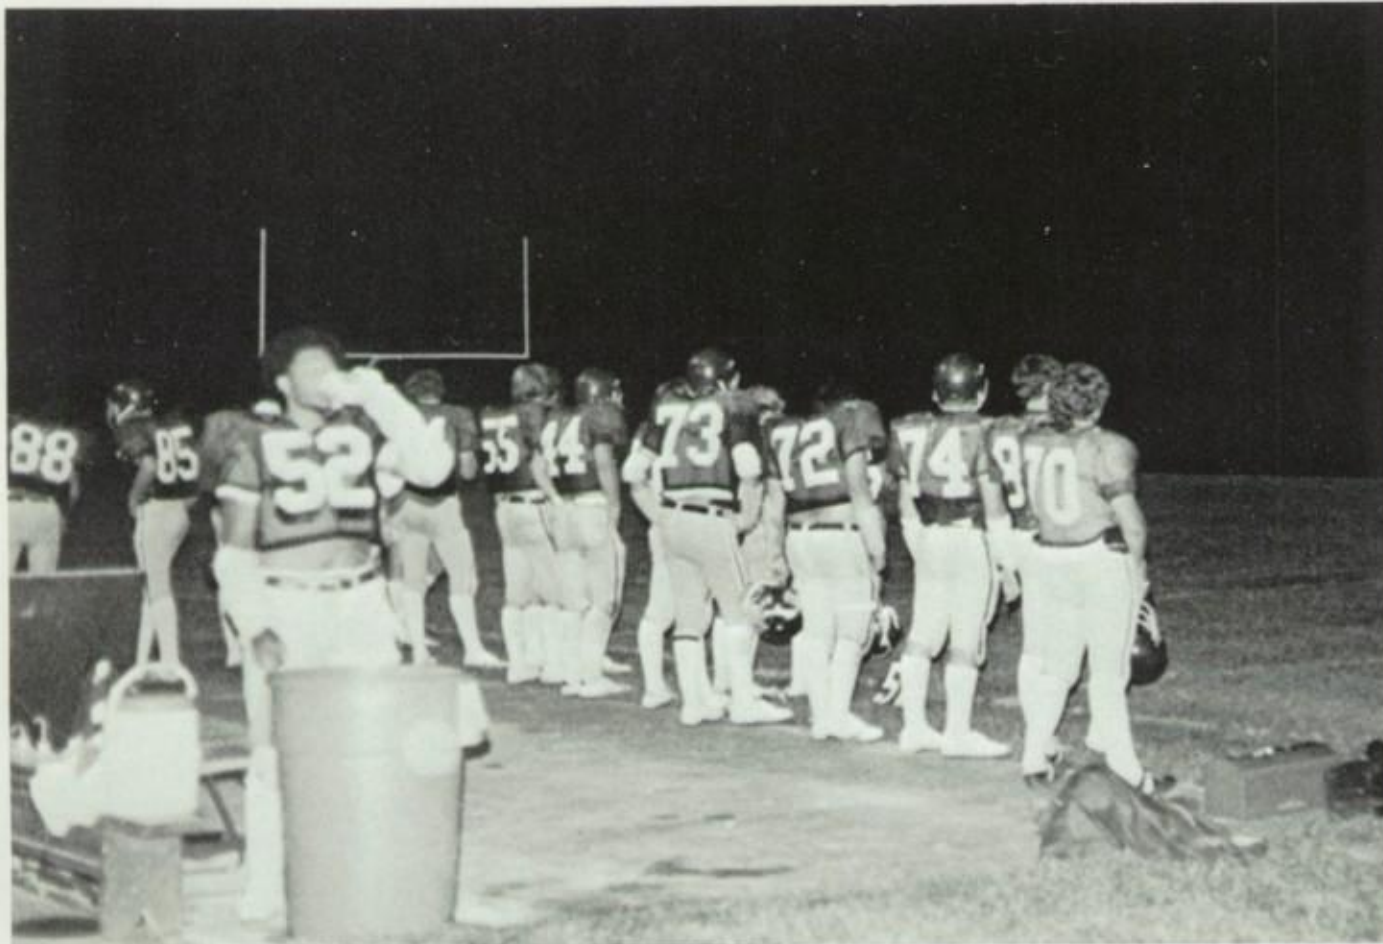

The season did not set records in its self. It will be remembered, if not for wins, for spirit and determination to make the football program outstanding.

Gerry Rafferty's "Shine a Little Light on Days Gone Down" made the four-day homecoming celebration a Top Ten hit.

The gala events began Tuesday as students decorated t-shirts and had classmates autograph them.

The walls were emptied of their blankness on Wednesday, poster and dollar day. Clubs supported their candidates with posters and competed to win a dollar by saying, "Tigers are super great! Beat Panthers!"

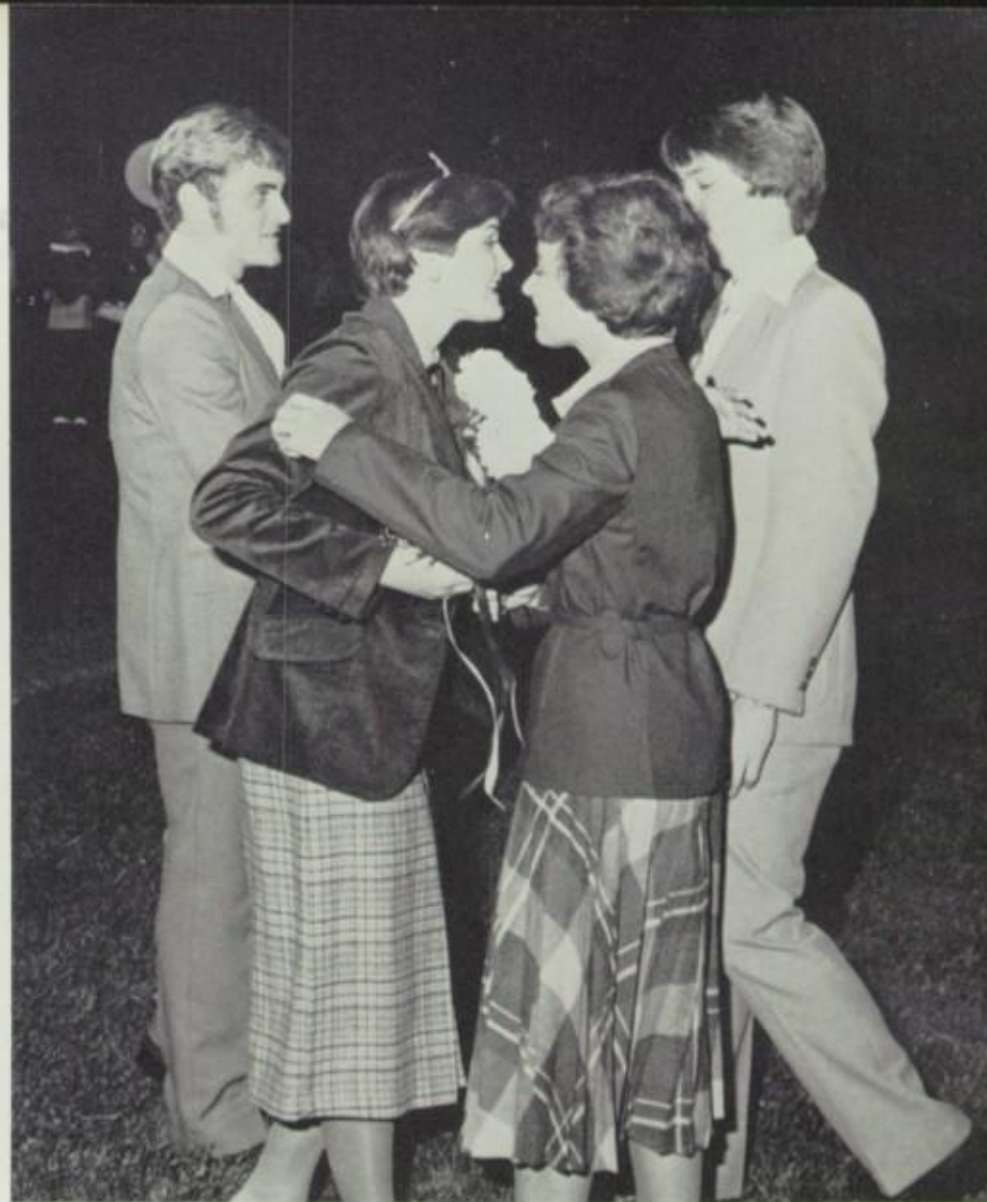

A new homecoming event, inside-out day, was tried on Thursday. The prospect of wearing their clothes wrong-side-out made some students shudder, but most were enthusiastic.

The finalists for queen and princess were announced at the bonfire pep rally on Thursday night. The fire flopped, but the spirit soared.

Hat day "capped off" the week's activities. The headwear contest, won by senior Dale Keys, a mock homecoming court, and a skit all added to the sixth-period pep rally.

The spirit and enthusiasm, however, could not sustain. The football team lost the game, 6-14. The highly anticipated Hi-95 Disco also proved to be a disappointment. The week's activities and the homecoming mood made everything worthwhile, in spite of the letdowns.

Practice began for the Varsity Cheerleaders in July after nine very deserving girls were chosen at tryouts in the spring. In preparation for the upcoming season the cheerleaders attended camp in August at Morehead State University. Every night during competition the varsity won a superior ribbon for their cheering abilities and also were awarded a spirit stick for their enthusiastic attitude.

The squad set the mood for school spirit with pep rallies, spirit days, cheers, dances, and skits. All activities performed by the squad took long hours of practice and a lot of hard work. While using the school motto, "Why Not the Best?" as their spirit theme, the Varsity Cheerleaders showed Tiger fans what supporting their team and raising school spirit was really all about!

Girls Varsity Cheerleaders

The Girls' Varsity Cheerleaders worked hard to bring as much school spirit to the girls' game as the boys receive. After they were chosen, they began work by attending camp at Morehead University where they won blue ribbons for their performances.

The girls' sports program does not often receive the recognition they deserve. The cheerleaders exerted effort and spirit to bring them the attention and praise they deserve.

Boys JV Cheerleaders

Tryouts for the position of Junior Varsity Cheerleader were held in the spring of 1979. Eight girls out of the seventeen who tried out were chosen. They began practice in October for the season that was in full-swing by November. During the football season, the J.V.'s helped the Varsity cheerleaders by selling programs and raising school spirit. When basketball season began, the cheerleaders were ready and excited. They performed very well with their new, different cheers. They executed gymnastics ability and ease in front of the sparse, but enthusiastic JV crowds.

The new season for Boys' Varsity Basketball started on an optimistic note. With three victories at home, and one at Meade County, the team came out on top. In the fifth game, the Tigers were overpowered by a strong Grayson County team. The winning streak ended, and the season proceeded somewhat less dramatically. With only two seniors on the squad, the varsity relied on the talents of the underclassmen. These juniors and sophomores should be commended for their play, as well as the seniors.

For any team to be successful, they must have skill, teamwork, pride, and class. The girls' basketball team had all four. They set out the year with high hopes for an extremely successful year and easily saw these goals become a reality.

They set one goal that was to be reached at all cost. That being—when the season is over and all is done, people will not reflect back on the team's record and say that it was a good team, but look at the players and say that it was a 1st Class Team!

Boys JV Basketball

After five triumphant wins, the Boys' JV Basketball team finally suffered their first loss with five more following in close succession. This did not put a damper on the team's spirit. After these defeats, the Tigers bounced back and beat Grayson County in an exciting overtime victory. This was one of two particularly important games; the other was against the rival, Meade County Greenwaves, which concluded in overtime.

The Girls' JV basketball team, coached by Denny LaGrange and Jeff Patton, finished their work with a winning season. Starting with a sizable win over West Hardin, the girls continued to go full force the rest of the season. With a 6-0 record, the girls successfully ended their campaign before Christmas break. After they returned from the holidays, the girls traveled to Ohio County, where they strengthened their winning streak to 7-0. The coaches were quoted as saying that this was one of the best JV teams that has ever been at BCHS.

Even with their carefree attitudes and light-heartedness, the girls still managed to defeat every team in the district.

Freshman & Sophomore Basketball

The boys' sophomore basketball team started the season off with nine consecutive wins. After these games, they had a mental letdown in the game against Grayson County to give them their first loss. After the Grayson County game, they started playing back to their capabilities.

The boys' freshman basketball team exhibited a large amount of spirit, sportsmanship, and enthusiasm as they began their careers as high school athletes.

“Rock Around the Tides”

“Rock Around the Tides,” the well-supported theme during homecoming week was proven an unsatisfactory slogan. The theme was despairingly reversed as the Tigers were defeated by the Central City Tides 62-53.

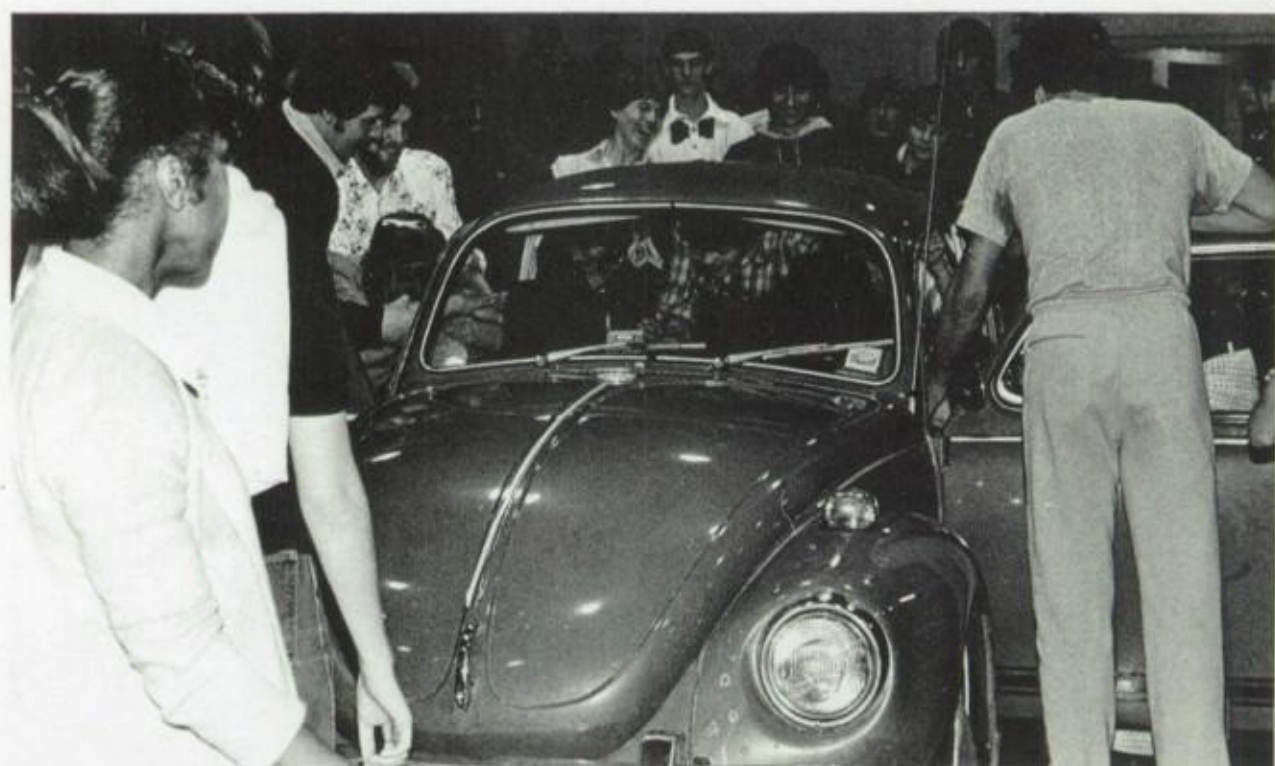

Between games, Sherry Smith, representing the Math Club, was crowned queen with the FBLA candidate Lynette McAfee, runner-up. Junior FFA candidate Leigh Ann Rhodes, princess and her runner-up, freshman Amy Davis from the Student Council, also filled the court.

Since the theme was of a 50's nature, the cheerleaders and the mascot danced to “Rock Around the Clock,” at the varsity halftime. Music was provided by the pep band.

Preceding the game, the cafeteria provided a spaghetti supper. The evening ended on a cheerful note with the ever favorite “Jim Taylor Disco Trek.”

Top — The student body loved the style of hula hooper Jeff Williamson. He was a co-winner in the hula hoop competition during the homecoming pep rally. **Middle** — In the hamburger eating contest, Bob Monarch took time out from eating to wash it down. Jim Chambliss struggled to put away his hamburgers. Bob was declared the winner after eating six hamburgers in three minutes. **Right** — The junior class packed the Volkswagon in search of a victory, but it was all in vain. The seniors won with twenty people in the car.

Track

In January, Coach Oscar Gardner started taking names of those students interested in being on the track team. Since it was so cold outside, they went in training by running up and down the halls. Coach Gardner has hopes of a successful track season.

The Cross Country team had a good fall season. The team is composed of the following members: Bryan Chambliss, Robert Payne, John Perry, Wendell Nash, and Andy Diersing.

Clubs

Student Council

The Student Council is the heart of the student body. They approach the administration with problems or changes that need to be made to improve the school. The fifteen members are led by Mrs. Barbara Miller.

The council co-ordinates the Spotlight in the front lobby. In cooperation with the National Honor Society, they synchronize the freshman orientation. They produce the club handbook and sponsor the Outstanding Faculty Member of the Year award. The aluminum can drive to raise money for the development of the student park was a brainchild of the council.

Three members of each class are elected by their peers to serve on the council. Before being elected, however, the candidates must be rated by the faculty on a scale of one to five on the following four qualities: leadership, cooperation, dependability, and attitude.

Along with serving the student body and helping the administration, the student council learns the process of democratic procedures in government and how to approach the administration with a problem in a mannerly fashion.

Sponsoring an Art Club calendar for the second year is just one activity of the Art Club. Others include an art exhibit and contest in the spring, and decorating the downtown area windows on certain holidays.

Funds from the calendar sales are used to furnish prizes for the various art contests and exhibits. Past members have won prestigious awards for their artistic abilities, and hopefully, current members will follow in their footsteps.

Bottom — Tracking down the Panthers was the main objective of the Spanish Club. The club designed their yard display to show their support for the Tigers during Homecoming week.

The agenda of the Spanish Club consisted of bake sales and other money-making activities. The profit from these projects will help finance a summer tour of Mexico.

Ms. Pam Pelton, advisor, hopes members will consume cultural facets of Spanish. Their participation in the Foreign Language Festival develops their knowledge and appreciation of the Spanish language.

"We're No. 1!" was the band director Wes Eakin's pet phrase to boost the band's spirit. Spirit, energy, and megamounts of hard work paid off for the band.

In the five parades in which they participated, the band did rank number one. The Sacajawea Festival, Breckinridge County Fair, Irvington Junior High Fall Festival, Taylorsville Homecoming and the Derby City Classic Parades all served as first place victories for the musicians. The Breckinridge County Fair Parade was included in the latter portion of the marching agenda.

The band's parade successes were followed closely by marching competition triumphs. With a first place finish at the Greenville Marching Festival, second place at both Drakesboro Band Festival, and Derby City Marching Classic, and third place at Muhlenberg County High School Marching Contest, the band heaped reward for their many hours of practice.

To prepare for marching season, all members spent a week at Eastern Kentucky University Band Clinic. While there, they rose at 5:00 to spend the entire day learning new music, drills, and techniques in marching.

The band put forth an effort in regard to sports as well. They performed their field drill at all football games. The pep band participated at all basketball games, including homecoming.

Their marching season was followed closely by the concert season. Besides their regular Christmas concert, they performed at county elementary schools during the Yuletide.

Their annual fruit sale was again a success. The money they earned was funneled toward a proposed Invitational Contest in Mexico City, Mexico.

Business and leadership are two things that can be derived from membership in the Future Business Leaders of America.

FBLA members compete in several different business conferences each year. Among these are the Regional Conference in Bowling Green, the State Conference in Louisville, and the National Conference in Washington.

Proceeds from different fund-raising programs contribute to the transportation to these conferences, plus community services, and club benefits.

Much of the time large clubs find it difficult to organize activities. The Future Farmers of America not only organize, but are highly successful. They participate in the Regional FFA day, W.K.U. field day, State and National Conventions, Food for America, Farm Machinery, and the Corn and Tobacco show. The Parliamentary Procedure and Farm Management team have won awards that the FFA should be proud of. Single members were awarded honors in Extemporaneous and Swine Impromptu speaking.

Calendar ad sales and Breck. Co. Fair Tractor Pull and English Show are a few ways the FFA raises their funds. The money adds toward the National and State Conventions, field trips, and the Parent-Member Banquet. During the Christmas season, they have a party.

The single requirement for the FFA is to be a student of Vocational Agriculture. Members in the club learn the development of agricultural leadership, cooperation, and citizenship.

The Math Club is designed to promote the enjoyment and understanding of mathematics. Any student taking Algebra I, Algebra II, Geometry or College Prep Math is eligible for membership.

As in past years the members decorated the Christmas tree in the front lobby with geometric-shaped ornaments.

The Math Club is sponsored by Mrs. Anne M. O'Reilly.

The educational programs for the handicapped of Breckinridge County depend on the Biology Club for supplemental, financial support. Each year their Walk-A-Thon raises \$10,000 to \$12,000 for their Breckinridge County Handicapped Association.

The fifty-four Biology Club members are distributed on committees so that everyone has a chance of participating. The hard work members exert is not without reward. To celebrate a successful Walk-A-Thon, members travel to King's Island or Opryland at the end of the year.

The Biology Club carefully screens its members. To be eligible for full, active membership, one must be enrolled in or have taken Biology and must maintain a B average overall.

"To share ourselves and our faith with others," is the main objective of Youth for Christ. Apart from the fulfillment of this theme, the club is involved in fund-raising activities to help Camp Green Shores. They also visited the local nursing home during the Christmas season.

Besides participating in community projects, the Youth for Christ Club plans fun activities for themselves. During the Christmas season the club held a party.

There are no special requirements to be a member of the Youth for Christ Club. They hold daily devotionals before school in addition to their monthly meetings.

4-H

Elementary, high school, and even college students, ages 9-19 are eligible for 4-H. The high school chapter of the club has approximately 65 members. Requirements are to attend at least one activity throughout the year.

The 4-H Club participates in fall and spring variety show, teen leadership conference at Lake Cumberland, State 4-H week, and speech events. Members may also be teen leaders by helping elementary 4-H clubs.

The 4-H motto, "To make the best better," helps members become better citizens.

Producing a good yearbook is definitely not a simple task. Long hours and supreme dedication are required by each staff member.

The entire **Tiger Tales** staff traveled to Winston-Salem, North Carolina, in August for a week-long seminar. They attended workshops on subjects ranging from photography to writing.

Besides the actual preparation of the book, the staff conducted class favorites and Hall of Fame elections, assisted the photographers, and sponsored a football homecoming candidate.

The staff was a learning and growing experience for everyone, even on nights when they "burned the midnight oil!"

(Back row) Lou Ann Basham, Lisa Davis, Barry Black, Connie Edge, Margaret Mattingly, Mark Brown, Robin Hicks, Jacquie Shrewsberry, Debbie Stinnett, Eric Stansbury. **Below** — This display was one of many distributed in the classrooms. The club also planned to set up roadblocks to collect money for cerebral palsy.

What happens in Room 106 every second Friday of the month during the fifth period?

About 45 students with no less than a "B" average are planning certain activities for the Students for Action for Education to get involved in. Among these activities include a Christmas party for underprivileged children, supporting an Indonesian child, and of course, collecting for Cerebral Palsy, which they do annually.

Below — Distributed throughout the county at various businesses are these candy displays. Money is used within the athletic department.

The reborn Letterman Club is an organization open to athletes only. To gain membership a person must have lettered in a Varsity or Junior Varsity sport and be currently competing with distinction in the high-school athletic program.

Under the direction of Athletic Director and Principal, Mr. Rob Cox, the sixty members of the club have organized a candy sale in conjunction with local merchants. The funds that are raised from this campaign will be used within the athletic department.

(Front Row) Executive Council — David Bailey, Eddie Armes, Barry Mattingly, Paul Upchurch, Vincent Luney, Guy Williams, Bryan Chambliss, Sue Monarch, Jackie Owens, Kathy Hicks, Lori Butler, Ginger Robbins, Stacey Mattingly. Irwin, Leigh Ann Rhodes, Paulette Robinson.

Pep Club

B . . . C . . . H . . . S . . . B.C.H.S. is great! The 140 Pep Club members maintain this theme throughout the sports season. Keeping moral and spirit boosted to a high level takes hard work and ingenuity.

The officers, cheerleaders, and active members exert a lot of energy to keep the crowd interested. Each pep club meeting and pep rally featured a "Spirit Skit" and lots of cheers.

The only requirement for Pep Club membership is enthusiasm and loyalty to the Tigers. Each member received a mini-megaphone to assist in the cheers.

The most spirited member received an award at the end of the year. As Marcella Mercer, co-sponsor, said, "It's a lot of work to raise school spirit, but it's worth it!"

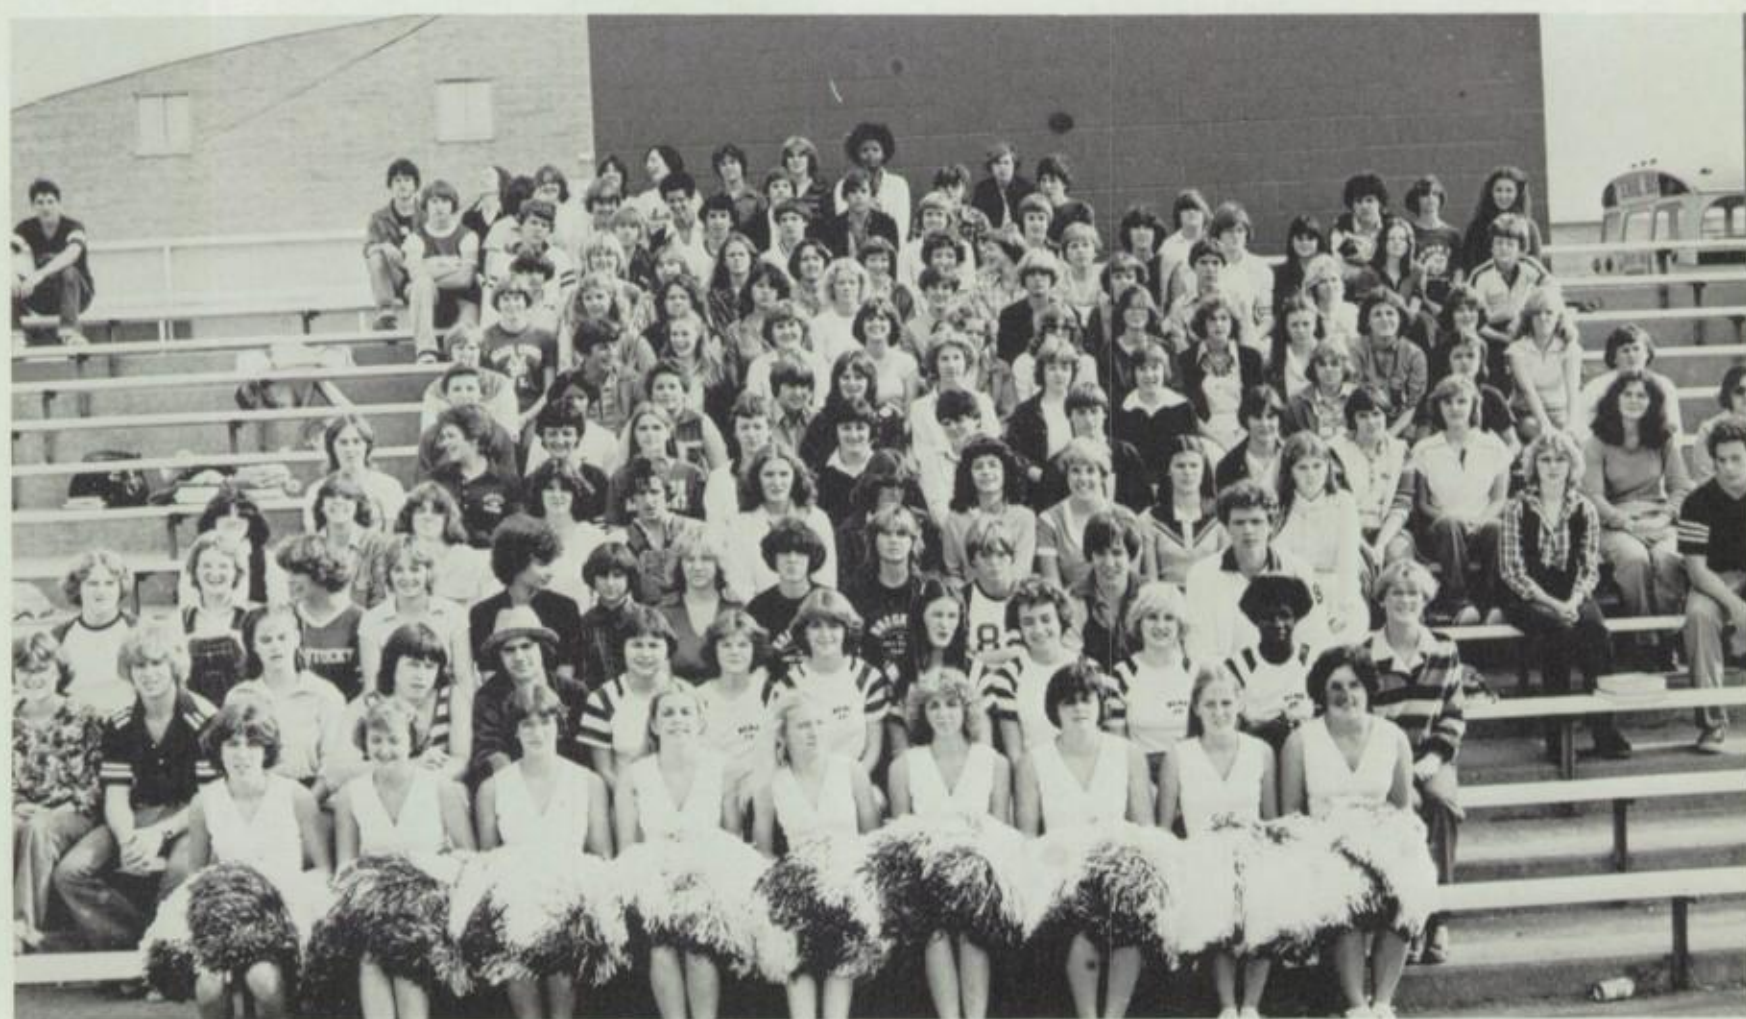

Above — As class competition sparks rivalry, enthusiasm runs high during the pep rally. **Right** — "Our team's like Tony the Tiger — Real Grreat!!" Steve Alexander's "Tony" gets a front row seat with MaDonna Dutschke, Susie Robinson, Joy Triplett, and Charles Black at the Homecoming football game.

Left — "The Devil Went Down to Georgia" during the first pep rally. Varsity cheerleaders presented the skit to kick off the football season. **Below** — Alice Mitcham and Tim Calisi direct their attention to Dennis Bennett's unique attire on Hat Day.

Below — Pep Club Members: (Front row) L. Rhodes, C. Parks, S. Critchelow, L. Butler, C. Moore, C. Hicks, S. Smith, G. Robbins, S. Mattingly. (Second Row) D. Bell, B. Cherry, L. Allen, R. Brown, C. The officers are Ruthi Miller, President; Ruthie Clark, Vice President; Jill Kennedy, Secretary-Treasurer; and Jill Fentress, Skit Director.

Joseph Holt History Club

Right — The History Club was named after a Breckinridge County native, Joseph Holt. This picture is a sketch of his home. **Below** — (Front row) Andy Squires, Vickie Allen, Becky Severs, Lori Butler. (Second row) Kathy Hicks, Annette Collard, Vivian Petry, Mitch Powers, (Third row) Lisa Daughtery, Danny Ford, Dale Claycomb. (Back row) Mr. O'Reilly, Advisor.

One of Breckinridge County's most famous native sons lends his name to the Joseph Holt History Club. As Commissioner of Patents, Joseph Holt supervised issuing of patents and registration of trade marks from 1857 to 1859. After the death of Postmaster General, Aaron Brown, in 1859 he was appointed Postmaster General by President Buchanan. He held this position until, during the last months of his administration, President Buchanan made Holt Secretary of War.

During the Civil War, Holt worked to keep Kentucky in the Union. It was rumored that Lincoln was to nominate Holt to the Supreme Court, but nothing developed from this rumor.

Lincoln did appoint him as Judge Advocate General, and later, offered him the position of Attorney General. Holt refused Attorney General's job, but remained Judge Advocate until his retirement. In his position, he acted as judge in the trial of the Lincoln conspirators.

In recognition of Joseph Holt, the history club promotes interest in the past. Their proposed agenda for the year consisted of visitation and research at state historical attractions.

Tiger Talk

Below left — In preparing the current issue of **Tiger Tales** for printing, Assistant Editor Tina Combs aids David Gibson in writing an article. **Left** — Cindy Decker and Gerri Claycomb listen as Mr. O'Reilly instructs them on the fine points of journalism. **Below** — Keeping busy by writing articles for **Tiger Tales** is a common activity for staff member Mary Sloan.

Left — (Front row) Pat Greene, Tina Combs, Monica Ball, Lynette McAfee, Tresa Spalding, Cindy Douglas, Rayetta McGuffin, Gerri Claycomb. (Back row) Mr. O'Reilly, Advisor, Cindy Decker, Tim Gainor, Robbie Tucker, Mary Sloan, David Gibson, Gale Whitfill, Mark Brown.

Office

If You Feel the Beat...

Left — Instead of the regular disco steps, Chris Alexander and Donna Smith enjoy a close, slow dance. **Bottom** — Dancing the night away, sophomore Debbie Stinnett boogies to the beat of Donna Summer's "Bad Girls." **Right** — Doing some basic disco moves, Tina Clements enjoys another Friday night dance.

'80 RULES

Top right — To take a break from class is the highlight of the student's day. Jan Spencer, Vivan Petrey, and Laverne Poole seem to enjoy their long-awaited break. **Top left** — College Prep student, Don Cox, chuckles at the antics across the room. **Bottom left** — Looking slightly dazed, Stacey Mattingly takes her seat while Ginger Robbins daydreams. **Bottom right** — Researching his English paper on aloe (a burn plant), David Hull stops to read a very interesting article.

Below right — After six classes, the chalkboards become very dirty. Barry Mattingly takes time out of his schedule to clean off the board. **Below left** — The task of researching seems to be very perplexing to Alice Mitcham, but Tim Calisi doesn't seem to be too bothered.

Above left — Library aide, Brian Hinton, uses a little bit of his time to catch up on some reading. **Above right** — Beth Brooks, senior co-editor of **Tiger Tales**, ponders over a problem in layout design.

Free Fare

"All the way from St. Petersburg, Florida, it's Free Fare!"

This marked the beginning of an hour filled with skits and popular tunes.

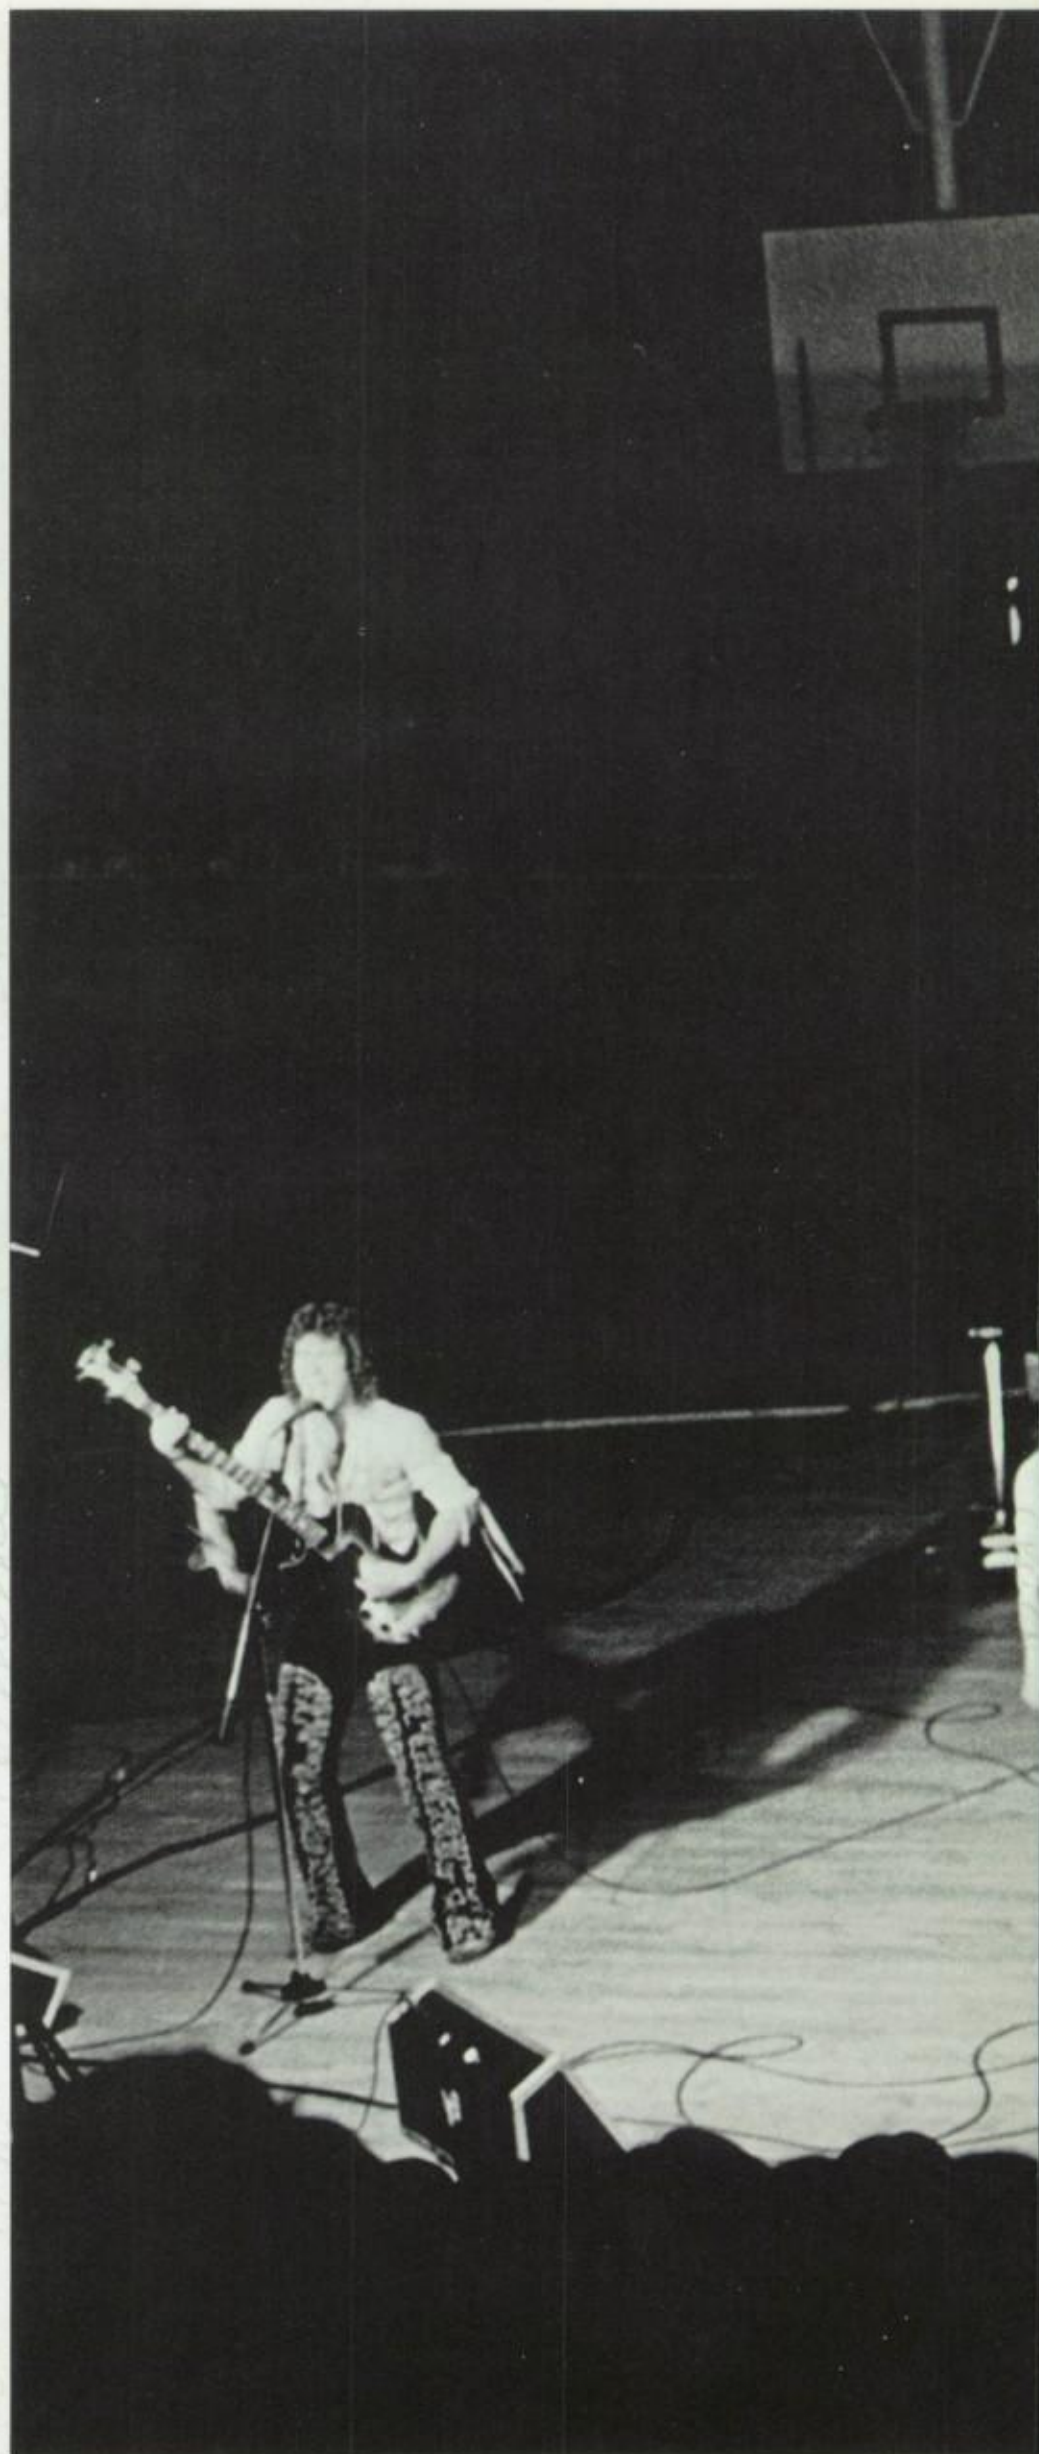

The group, formed in St. Petersburg, consisted of six members: Ron, Greg, Randy, Mike, Tom, and Chip.

Singing a variety of songs from such groups as Styx, ELO, Kansas, and the Commodores, they pleased an audience of responsive listeners.

Later on in the show, Free Fare and four members of the audience did a reenactment of the famed STAR WARS. The cast included Coach Elder as C3PO; Eddie Armes as Darth Vader; Jimmy Elder, as R2-D2; and Tina Hutchinson as Princess Leia.

After it was over, tickets went on sale for the upcoming concert. Several students, as well as faculty members, purchased them and were ready for the music to flow.

The following night, Free Fare returned and gave another smashing performance.

Keith,
 so a very
 sweet & good-
 looking guy. I'm
 glad I got to know you
 this year & I hope to get to
 know you better. It's nice to have
 a good-looking guy around, for a change.
 Love ya,
 Debbie Simmette

Keith,
 Every since I met you I know I would like
 you. I hope you go far with everything.
 Hope to have you in some classes next year.
 You've been a great, good-looking friend.
 Best of luck with that
 Friends Always

Keith -
 You seem to have
 adjusted well to your new
 school. I hope you enjoy it and
 love it as much as I have. Keep up the
 effort for the good of the
 class.

Well Keith,
 I haven't known you
 all that long, but you're pretty
 cool. You're getting a lot of
 attention - hope you stick
 around awhile.

P.S. Good Luck in Track

Well, I don't really know you that well
 but from what I do know you are a very
 sweet and good-looking guy. If I ever break
 my ties (which I probably won't) I would like to get
 to know you better.

Keith,

Keith,

It's been great knowing you this year. I really hope you're here next year, so we can have more good times. I've loved every minute that we are together. I guess you think it's stupid of me. But I'm jealousier than hell. I'm sorry about not being able to talk to you. I sneak and call you sometimes. I have a lot of things to say to you, but it's better that I don't write it in the annual. I have something to say to you, I get my nerve up, and I ~~chicken~~ out. Hope we get to go to the movie Thursday, or whenever we get to go. DON'T Forget It. I'll show you the best time you have ever had. You'll never forget Thursday night. Believe me. Hope we can stay together even after you leave (if you leave) I hope you don't.

Listen Babe I gotta go
you said I could only have a
half a page. I went overboard.

SUNRISE and SUNSET

Rays of the sun, slowly emerge
 At this new days birth,
 Like great angelic wings
 Spreading across the earth.

The sunrise is a wonder
 As its beauty is shown,
 It seems happy; like a smile
 Of a friend well-known.

Amidst the clouds and fog
 The mist and the rain,
 Remnants of the shining sun
 All day will remain.

Fading slowly over the hill
 Leaving colors of blue and red,
 The last shimmers of daylight
 Lie peacefully overhead.

We know that tomorrow
 The sun will rise and set,
 Leaving memories of life, love, and beauty
 That we will never forget.
